GREAT DAMAGE WAS CAUSED BY THE EXPLOSION

Which Rocked Country For Miles In Vicinity of Jersey City

EMPLOYE CONFESSES HE WAS RESPONSIBLE FOR FIRE

Which Wrecked a Warehouse Where Army Supplies Were Kept

[ASSOCIATED PRESS TELEGRAM]

New York, March 27.—Police headquarters announced today that Jacob E Altman had confessed that he was responsible for the fire which caused the explosion in the Jarvis Warehouse in Jersey City yesterday He said, according to the police, that he started it accidentally.

Altman, who is 35 years old, was employed at the warehouse. He said the police asserted, that he accidentally dropped a cigarette on inflammable materials.

Altman is one of a number of men who were working in the Jarvis warehouse just before the explosion and who were brought to police headquarters here and questioned by police and army intelligence officers until early this morning without result.

The examination was resumed this forenoon and finally, according to Inspector Tunney, of the "Bomb squad"; Altman broke down and admitted responsibility for the fire. He said he was engaged in weighing an inflammable chemical in the warehouse while smoking a cigarette and that an ember from the cigarette had dropped on the floor where some of the chemical was lying, mingled with dust and other materials.

Altman, according to Tunney, tried vainly to stamp out the blaze which was thus started and when it got beyond his control, yelled out a warning and fled from the building.

The man says he is American born, according to Tunney, with a German father and a French mother He was turned over to the Jersey City police to deal with. Smoking in

AMERICAN TROOPS TAKING PART IN COUNTER ATTACK

[ASSOCIATED PRESS TELEGRAM]

Amsterdam, March 26.—American troops have taken part in counter-attacks against the German front near La Fere, writes the military correspondent of the Vorwaerts, who says the attacks were repulsed The correspondent adds:

"After the first surprise, the enemy pressure along the entire front naturally is growing stronger. Thratening castrophe compels the enemy to reckless action. South of the 'break-through' he, therefore is collcting strong reservs intened for a flank assault on our attacking army.

"Attacks of combined allied forces yesterday against the pivot of the German-attacking front near La Fere were particularly heavy. These counter-attacks did not find us unprepared. It testifies to the superior foresight of the German command that these attacks, in which American troops certainly participated only symbolically, were not only beaten off but were thrown back on the Oise canal by an energetic blow."

EMPEROR REWARDS THE CROWN PRINCE

[ASSOCIATED PRESS TELEGRAM]

Amsterdam, March 27.—Emperor William has appointed the German crown prince chief of the guard gremadier regiment in recognition of the good works of his troops on the western front. In a telegram to the crown prince the emperor says:

"The fine and great success which e troops of the army under your mmand have achieved these days the battle against the British army ves me a welcome opportunity to press to your highness my hearty recognition by appointing you chief of the grand grenadier regiment. I am convinced that the brave and war proved regiment will always be worthy of its princely chief."

BOLSHEVIKI VICTORY AGAINST AUSTRIANS

[ASSOCIATED PRESS TELEGRAM]

Mosocw, Sunday, March 24.—Bolsheviki troops, an official announcement says, have been successful in fighting the Austrians in the southern Ukraine. The cities of Nikolayev, Kherson and Zmananka have been recaptured by the Russians.

A dispatch receivd in London from Petrograd, Tuesday, said it was reported the Bolsheviki had recaptured Kherson and Nikolayev. Both Kherson and Mikolayev are northeast of Odessa and are important commercial cities.

AMERICANS AS PRISONERS ARE NOT MENTIONED

By German War Correspondents In Sending News to Berlin

HUN ARMY MARCHED FOR SIX CONSECUTIVE NIGHTS

On Way Forward to Attack British Front In France

[ASSOCIATED PRESS TELEGRAM]

Amsterdam, March 27.—The part reported to have been played by American troops in the atempted relief of the British flank near La Fere is referred to briefly by most of the German war correspondents, but so far no mention has been made of the presence of Americans among the prisoners.

Wilhelm Hoebler of the Berlin Tageblatt says the Americans now have an opportunity to find out what war really means. The Deutsche Tages Zeitung says the fact that the Americans got "a severe lesson" is "especially gratifying to us."

Another correspondent says the undoubted bravery of the Americans proved no match for the furor Teutonicus."

German troops, going forward to the attack on the British front in France detrained far behind the lines, even behind the Belgian frontier, according to the correspondent at the front of the Rheinische-Westfaelische-Zeitung. These forces marched for six consecutive nights, no columns showing themselves on the roads in the daytime.

The Volke Zeitung of Cologne says that, according to General von Ludendorff, Emperor William has been deeply impressed by the terrible devastation in the battle area, remarking:

"How glad we should be that our country has been spared such terrible things. Why did we succeed in keeping the fighting beyond our frontiers? Because before the war we always urged the need of armaments. When mankind changes these things also will change, but first mankind must begin to change."

"A great battle has been fought and victory has been won, but nobody can forsee what will result from it," said General von Ludendorff, chief aid to Field Marshal von Hindenburg, in an interview with the correspondent at the front of the Tages Zeitung of Berlin.

The general praised the British for their tenacious resistance and continued:

"The British believed they could rely on the strength of machinery. The employment of tanks and great numbers of machine guns is typical of their methods of warfare."

The German infantry, the general adds, had only one night's normal rest during five or six days of battle.

"In a battle like this," he remarked, "the infantryman must risk his life not only once but continuously from trench to trench."

TWO EXPLOSIONS OF SHELLS FROM LONG RANGE GUN

[ASSOCIATED PRESS TELEGRAM]

Paris, March 27.—The calibre of the shells that are being fired into Paris by the German long-range gun is 8.8 inches and the length of the shell is 20 inchs, L'Homme Libere, Premier Clemenceau's newspaper, states. The shell weighs 200 pounds and contains less than 20 pounds of explosives.

The shell is provided with a fuse protected by a threaded protected-stopper, and has a diaphragm inside which divides the shell into two compartments of unequal size. The holes in the diaphragm afford communication between the two pockets. These facts are accepted as an explanation of the two explosions which on occasions have followed in quick succession and which lead to the belief that two guns were firing.

RECAPTURE ODESSA IN BLOODY BATTLE

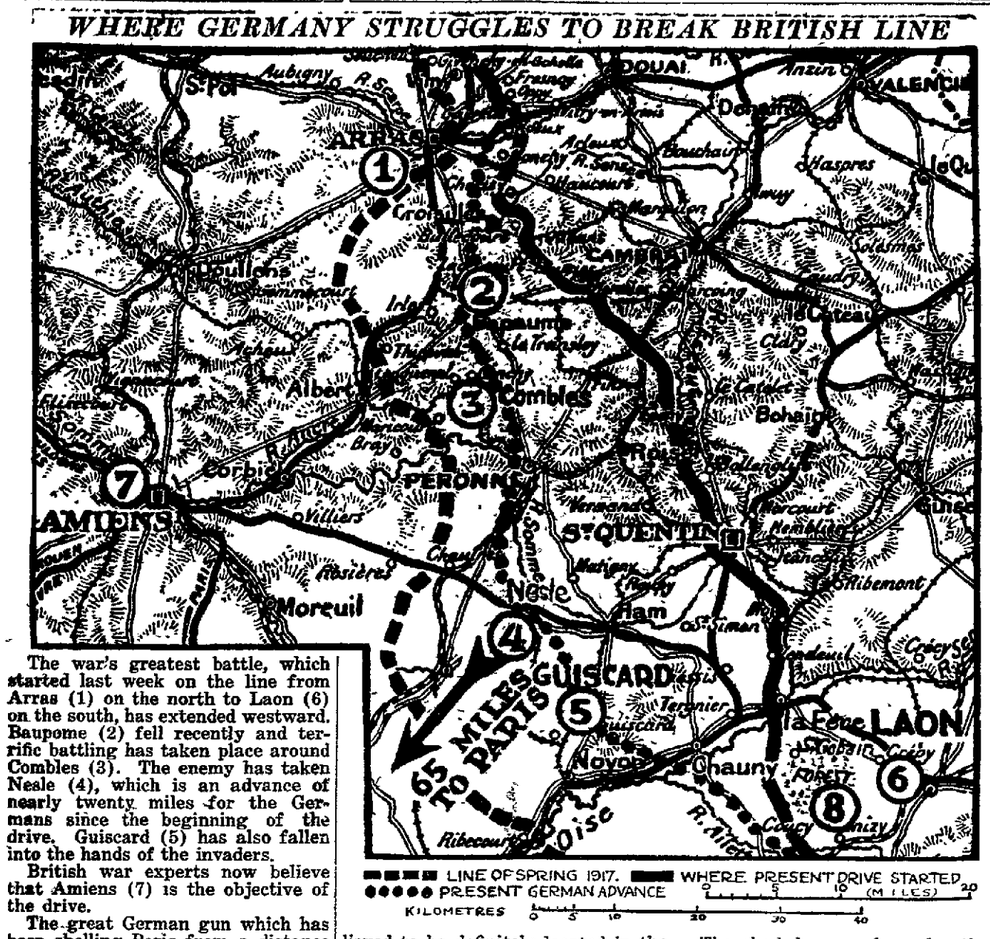

[ASSOCIATED PRESS TELEGRAM]

London, March 27.—Odessa has been recaptured by the Soviet and Ukrainian troops after a bloody battle in which naval forces took part, according to a Moscow dispatch from the semi-official Russian news agency.

The German war office on March 13 announced that Odessa had been entered by German troops. The preliminary peace treaty between Rumania and the central powers containd a provision engaging Rumania to support the transport of troops of the central powers through Moldavia and Bessarabia to Odessa. Semi-offical announcemnt was then made that Germany had obtained a direct route by way of Russia to Persia and Afghanistan.

Odessa is the most important seaport of southern Russia and the fourth city of Russia in size. Its population is about 450,000.

WHERE GERMANY STRUGGLES TO BREAK BRITISH LINE

The war's greatest battle, which started last week on the line from Arras (1) on the north to Laon (6) on the south, has extended westward. Baupome (2) fell recently and terrific battling has taken place around Combles (3). The enemy has taken Neale (4), which is an advance of nearly twenty miles for the Germans since the beginning of the drive. Guiscard (5) has also fallen into the hands of the invaders.

British war experts now believe that Amiens (7) is the objective of the drive.

The great German gun which has been shelling Paris from a distance of seventy-four miles is now believed to be definitely located in the forest of St. Gobain (8).

The shaded areas show elevations in the land.

NEGOTIATE FOR THE TRANSFER JAPANESE SHIPS

[ASSOCIATED PRESS TELEGRAM]

Washington, March 27.—Negotiations for the transfer of 150,000 tons of Japanese shipping to the United States have been completed on the basis of two tons of steel plates for one ton of deadweight ship capacity.

This agreement is understood to be in the nature of a preliminary one intended to bridge over the period of negotiations now being conducted by American Ambassador Morris at Tokio for a wider and more permanent understanding.

Signing of the agreement is all that remains.

The United States first asked for 300,000 tons of ships and negotiations proceeded on that basis until the Russian debacle brought up the possibility of Japanese action in Siberia. Japan was unwilling to relinquish more than 150,000 tons, asking in return the lifting of the steel export embargo so that she might replace the ships with new ones. As one ton of plates makes about three tons of shipping she will gain fifty per cent. shipping capacity in the end.

Prices which the United States and Japanese will pay for the ships and steels, respectively, have not been made public.

It is understood that the shipping board, which administers the law suspending the prohibition against foreign vessels entering trade between American ports will put no obstacle in the war of Japanese shipping firms obtaining permits for trade between Pacific coast and Hawaii. While the big Japanese liners always stop at Honolulu between Yokohama and American ports they have been prohibited by law from taking any passengers or cargo between the island and the main land of the United States.

COUNCILMEN ON TRIAL CHARGED WITH DISLOYALTY

[ASSOCIATED PRESS TELEGRAM]

Cleveland, March 27.—Mysterious rumors of a Socialist plot of reprisals in the case of John G. Willert and Noah C. Mandelkorn, two Socialist councilmen, if found guilty of disloyalty at their trial by members of the city council tonight, brought elaborate preparations today to guard the city hall. A definite threat was received in an anonymous letter, according to on councilman. Police were placed around the city hall today and a large force of police will be on hand tonight. Weliert and Mandlkorn are charged by fellow-councilmen with disloyalty, disorderly conduct and violation of council rules. They are also alleged to have subscribed to the Socialist platform in the last election.

WOUNDED SOLDIERS SMILE GREETINGS

[ASSOCIATED PRESS TELEGRAM]

London, March 27.—Four trainloads of wounded officers and men from the battlefront in France reached London last night. As they were being transferred to ambulances crowds cheered and threw flowers. The wounded men responded smilingly to these greeting.

"What is it like?" was asked of one wounded man.

"Oh, Fritz just rained shells on us like a hailstorm," was the reply.

BRITISH RETAKE TOWNS

[ASSOCIATED PRESS TELEGRAM]

London, Mar. 27.—The British delivered a counter attack today between the angle of the Ancre and the Somme and recaptured Morlancourt and Chipilly, the war office announced this evening.

KAISER QUARRELED WITH HIS GENERAL BEFORE THE ATTACK

[ASSOCIATED PRESS TELEGRAM]

Paris, March 27.—Emperor William and General von Ludendorff had a violent quarrel before the beginning of the great attack on the western front, according to a prominent Swiss, who has just returned to Zurich after some weeks in Germany and has been interviewed by the correspondent of the Temps. This man is quoted as saying.

"There was much discreet talk in Berlin before the present offensive concerning extremely violent scenes between Germany's leaders at general headquarters, General von Ludendorff spoke so violently and authoritatively that the emperor, becoming very pale, arose from his chair, and pounding the table demanded: 'General, are you or I emperor of Germany?'

"General Ludendorff replied that he was only a soldier and more than anyone else desired peace. He said he was convinced that his plans for an offensive were capable of bringing it about."

SPECIAL ORDER OF FIELD MARSHAL HAIG

[ASSOCIATED PRESS TELEGRAM]

London, March 27.—Field Marshal Haig has issued the following special order of the day dated March 27:

"To all ranks of the British army in France and Flanders:

"We are again at a crisis in the war. The enemy has collected on this front every available division and is aiming at the destruction of the British army. We have already inflicted on the enemy in the course of the last few days a very heavy loss and the French are sending troops as quickly as possible to our support

"I feel that every one in the army fully realizing how much depends on the exertions an dsteadfastness of each one of us will do his almost to prevent the enemy from attaining his objective."

BELIEVE THAT TURNING POINT NEAR AT HAND

[ASSOCIATED PRESS TELEGRAM]

Washington, March 27.—Belief that the turning point of the battle in France is near at hand pervaded Washington today and American military observers, who are closely following developments in the terrific struggle, centered their attention on the front held by the French in anticipation of a powerful counter thrust.

Hints in the British press that some change in the situation may be expected soon has strengthened the belief here that the steady British withdrawal is part of a definite battle plan, with ultimate object of which is the launching of a great counter offensive. The most probable place for such a movement, it is believed is from the flanking position the French held last night along the left of the Oise river.

War department officials today also awaited confirmation from General Pershing of British official statements that American troops were fighting side by side with the French and British.

Until official word from General Pershing is received no one will make a guess on the part the Americans are playing.

American heavy artillery is training in England, the men are familiar with British heavy guns. They may have gone forward in replacement detachments sent to the front with new guns. American tank detachments also have been training in England.

CONFIDENCE IS EXPRESSED BY THE FRENCH PREMIER

[ASSOCIATED PRESS TELEGRAM]

Paris, March 27.—In conversation with deputies who surround him in the lobby before the chamber assembled this morning, Premier Clemenceau declared that never was confidence more justified than now.

According to the latest news from the front, the force of the German attack seems to have been diminished by the deadly struggle of the last few days. Yesterday's onslaught was far from having the same violence as those which preceded it.

The French-British high command is taking advantage of the respite to prepare for battles which the allies will deliver at their own time and on the most favorable ground.

Deputies who took part in earlier campaigns express the opinion that if the Germans can be held for 48 hours more their offensive will prove to have been checked.

WILL SOON AWAKEN FROM THEIR DREAM

[ASSOCIATED PRESS TELEGRAM]

Amsterdam, March 27.—The German newspapers are already counting the German gains.

"It is self-evident," says the Coigne Volks Zeitung, "that after what is now happening we cannot longer conclude peace on the terms which were ready to accept a week ago The enemy must be brought to a submissive spirit and forced to grant everything we need in the future, especially in colonies and raw materials."

GERMANS GAIN GROUND ON THE BRITISH FRONT BUT AT APPALLING LOSS

CASUALTIES EXCEED OVER 400,000 FOR LESS THAN ONE WEEK OF FIGHTING, ACCORDING TO OFFICIAL STATEMENT ISSUED BY THE BRITISH

FRESH AND PICKED TROOPS WERE FLUNG INTO OFFENSIVE YESTERDAY BY THE ENEMY

Vicious Drives Being Made But British and Allies Are Holding Firm and the Resistance Which They Offer Constitutes One of the Finest and Most Brilliant Pages In the Annals of the War—German Prisoners Tell of the Appalling Slaughter of Their Army

[ASSOCIATED PRESS TELEGRAM]

British Army Headquarters in France, March 27.—The Germans last night continued their furious onslaughts southward from Ham against the allied defenses in the region of Roye and Noyon, having slowed down in their patent attempt to cut through the British line farther north where such desperate resistance was offered.

Hard fighting occurred last night about the town of Albert. Large enemy forces pushed forward toward the place but at last accounts the British were holding them doggedly at this possible gateway to Amiens.

The conflict in the sector around Roye and Noyon appears to be of great importance from the many indications that the German higher command is atempting to split the allied front there and start a rolling up process either way.

From the average of casualties in the various German units as given by prisoners one arrives at the conclusion that the German emperor has lost fifty per cent of these men since the signal for the advance.

The official British statement of yesterday said it had been established that more than 70 German divisions had been engaged in the battle. The usual estimate of the present strength of a German division is 12,000 men, so that a loss of fifty per cent. would mean casualties in excess of 400,000 for the Germans in less than a week of fighting.

The Germans have now reclaimed virtually all the territory they held at the beginning of the battle of the Somme in 1916. At some places they have not retaken all the old ground but at other points they have overstepped it somewhat.

Fresh enemy forces were flung into the southern phase of the offensive late yesterday. These reinforcements with other picked troops, including the famous Prussian guards were sent forward in a dense wave against the allied defenders. The latest reports from this fighting zone merely chronicle a most sanguinary struggle without indicating any change in the situation.

At the latest reports the Germans had made no further attacks against Bray. North of Albert, however, they attacked in considerable strength toward Averluy wood. The assault broke against the British line and recoiled. North of this point the situation is unchanged.

Heavy fighting occurred late yesterday just south of Albert, about Meaulte. At the same time the British drove off an attack north of Albert, at Auchonvillers. The enemy's gains further north have been large but the elasticity of the defending line thus far has defeated his intention of breaking through here and dividing the British forces. It is probable this elasticity has resulted in the development of the vicious drive which the enemy is now making to the south.

The resistance which has been offered by the allied troops to the German advance constitutes one of the finest pages in the annals of the war. The gallant sacrifices which those hardy warriors made in covering the withdrawal and delaying the German sweep forward undoubtedly will have an important effect on the final outcome of this greatest of all battles. The appalling slaughter of the attacking masses has continued since the first day. All the prisoners have much the same story to tell of the great losses suffered. Undoubtedly the Germans expected some such result and it is probably all their cards have not yet been played.

ESTIMATED GERMANY HAS LOST 400,000 MEN IN FUTILE EFFORT

(Compiled from A. P. Dispatches.)

Germany's supereme effort to break the allies front in th west apparently is no nearer accomplished today than it was on the day the great drive started, and she is estimated to have lost 400,000 men in the futile effort during less than a week's fighting.

She has not given up the attempt, however, the advices from the front indicating that her forces are massed for a drive in the region of Roye and Noyon in an effort to break through there, as a preliminary to a rolling up process either to the north or south.

As against the chances of her accomplishing this purpose may be counted the factor of forewarning for the allies. There seems no doubt now as to where the heaviest hammer-stroke is to fall and the opportunity is offered of disposing the vast allied reserve forces to meet it—an opportunity lacking in the earlier stages of the drive.

The entente line, as it now runs, with British, French and Americans standing together, presents an unbroken front throughout the battle area. There has been a slowing-down in the German pressure north of the Somme, except possibly in the vicinity of Albert, where the British are holding on doggedly. In the Noyon region and along the line of the Oise to the east the French, by their valiant defense, have likewise compelled the Teutons, weakend by the ceaseless efforts and heavy losses, to relax the force of their pressure.

Meanwhile, it is clear that the Germans themselves are bing compelled to admit that their success in driving back the entente lines for such great distances on so wide a front is by no means a decisive one. "Nobody can foresee what will result from it," General von Ludendorff declared in an interview in alluding to the victory he claims.

Concurrently the Germans are apparently finding their position in the east, where they were supposed to have insurd peace with Russia and the Ukraine none too secure. Odessa, the Black Sea port upon which they relied to insure them the shipment of sorely-needed grain from the Ukraine by way of the Danube, has ben recaptured by the Bolsheviki and Ukrainian troops, the Russian semi-official news agency reports. This follows shortly upon the news of the recent recapture of two other Black Sea ports—Kherson and Nikolayev—by the Bolsheviki.

It was upon Odessa that Germany also was reported as relying as a key point on the "direct route to the east," she boasted of having secured in her scheme of penetration into the Orient. Germany is reported to havv left control of affairs in the Ukraine largely in the hands of the Austrians while she was engaged in her great effort on the wstern front, and apparently they are making none too good a job of it.

Having regained nearly all the devastated Somme region in their offensive, the German armies now find themselves before an allied defense which grows stronger each hour. In the north the enemy has been definitely checked and in the south, where his latest and most important gains have been made, he has been unable to push west of Roye and Noyon.

The British line from the Scarpe river southwest through Albert to the Somme has held fast for 24 hours and the Germans have been repulsed in local attacks along this sector. The front here is now west of the old Somme battlefield and west of the Ancre river, just north of Albert, which is 18 miles northeast of Amiens.

South of the Somme the Germans have advanced west of the old front before the beginning of the Franco-

(Continued on Page 2, Col. 1.)

A MILITARY FUNERAL FOR "MIKE" DONOVAN

[ASSOCIATED PRESS TELEGRAM]

New York, March 27.—With military honors and wearing a uniform of the Grand Army of the Republic, Prof. "Mike" Donovan, once boxing instructor of Theodore Roosevelt, at the White House, was buried at Westchester today after funeral services here.

An American flag draped the coffin and 12 Civil war veterans with whom he kept step on Sherman's march through Georgia, led the cortege, which included 50 men from the first field artillery and a regimental band. Persons in many walks of life, including public officials and noted athletes, attended the funeral.

GERMAN EFFORT NOT AS SUCCESSFUL AS WAS ANTICIPATED

[ASSOCIATED PRESS TELEGRAM]

London, March 27.—The zone of open warfare is continuing to enlarge as the entente forces fall back fighting under the enormous weight of the German numbers, says Reuter's correspondent at British headquarters in his dispatch today. It is now clearly established, he adds, that the present offensive is the great main effort of the Germans and that it has not been as successful as they anticipated.

The Germans are now pushing against the British line with the full pressure of their masses. They have thrown in their reserve more rapidly than they intended, it is declared and are therefore wearing themselves down, although they are naturally tiring the defense in the process.

The general feeling, the correspondent reports, is that the days of trench-warfare are definitely past.

GERMANS GAINED GROUND ON THE BRITISH FRONT BUT AT APPALLING LOSS

(Continued from Page 1.)

British offensive in 1916, but have not yet gained it west of Roye. The most bitter fighting has occurred on the front south of the Somme and still continues, but the enemy has been checked west of the Roye-Noyon sector, perhaps the most vital on this part of the line. A further advance on this sector might endanger the French-hold on the southern bank of the Oise, which has held steadfast against German attacks.

On this front, Field Marsnal Haig reports, American troops are now aiding the French and British. The identity and size of the American units has not been disclosed, but it is possible they form a part of the Franco-American reserves on the Aisne and Champagne fronts.

From Noyon eastward to south of La Fere, the French hold strong positions along the Oise, which the Germans have been unable to push back. It is reported from Berlin unofficially that French and American troops have carried out strong counter-attacks south of La Fere against the pivot of the German line but without success.

The apex of the blunt-pointed wedge the Germans have driven in the British lines in six days is east of Albert. Berlin reports that British counter-attacks have been repulsed, but, on the other hand, the Germans have made no gains. The outer points of the wedge are Monchy south of the Scarpe and the Oise river south of Lere.

That the enemy did not make other attacks on the western front simultaneously with his blow west of Cambrai is accounted for by the statement from Field Marshal Haig that the Germans have used up most of their reserves and that more than 840,000 men have been thrown into the battle by the enemy. All other sectors of the western front have been drawn on by the Germans to carry out their great attack.

American gunners on the sector northwest of Toul have forced the Germans to abandon the town of Richecourt, opposite the American lines. This town has been shelled heavily as has St. Baussant and other important points behind the enemy lines. The artillery on both sides has been busy firing gas-shells, but the Americans have given the enemy two shells for every one of his. There has been no infantry action either here or on the sector east of Luneville.

FRENCH PREMIER WATCHES DECORATION OF YANK HEROES

Premier Clemenceau (extreme left) watching the conferring of honors upon our heroes.

In the picture General Debeny is pinning the Croix de Guerre upon one of the Yankee soldiers who had distinguished himself in repelling a German attack early in March. Premier Clemenceau is seen watching the ceremony. The Croix de Guerre may be seen upon the breast of the soldier on the extreme right, who has already been honored. The ceremony took place shortly after the engagement with the foe in which the Americans behaved so gallantly and this is the first photograph to reach America.

SHIP YARD COST THE GOVERNMENT $40,000,000

[ASSOCIATED PRESS TELEGRAM]

Washington, March 27.—Total cost of the government for constructing the ship yard at Hog Island, Pa., where 120 fabricated steel ships are to be built under the agency contract plan, will be between $35,000,000 and $40,000,000 the senate commerce committee was told by John R. Freeman of Providence, R. I., and expert naval architect, brought here to testify by the contractors.

This sum includes only the yard construction and does not take into consideration any work on ship construction.

An original estimate was made at $21,000,000 but officials of the international corporation estimated it would be much more than that.

Members of the senate committee have expressed belief that the total cost would go beyond Mr. Freeman's estimate.

WILSON-VAN WINKLE.

A. Wilson, a young farmer of Newton Chapel and Miss Anna Van Winkle of the Wilkins Run road were married this morning at 11 o'clock by Rev. C. H. Stull, in the North Fourth street church. The wedding was witnessed by Mr. and Mrs. Charles Wilson, parents of the bridegroom and Mr. and Mrs. V. M. Van Winkle, parents of the bride and Mr. and Mrs. C. E. Van Winkle and Miss Alta Van Winkle. After the ceremony all repaired to the Sherwood hotel and enjoyed a wedding dinner after which the newlyweds left on a short wedding tour of the eastern cities.

STATEMENT OF THE FRENCH WAR OFFICE

[ASSOCIATED PRESS TELEGRAM]

Paris, March 27.—Last night the German advance was held up everywhere, according to the official statement of the war office today. The enemy, weakened by heavy losses, it adds, have been obliged to slow up his efforts.

The statement follows:

"Last evening during the night, the Germans, weakened by their heavy losses were compelled to retard their efforts. The valiance of the French troops defending the ground foot by foot is beyond all praise.

"The French are holding a line running through L'Echelle, St. Aurin and Beuvraignes, north of Lassigny in front of the southern part of Noyon and along the left bank of the Oise. During the night the French repulsed strong reconnoitering parties, which attempted to approach their positions northwest of Noyon.

"On the remainder of the front there was an intermittent bombardment."

OHIO CADET KILLED.

[ASSOCIATED PRESS TELEGRAM]

Wichita Falls, Tex., March 27.—Cadet G. O. Franks, 26, of Elida, O., was killed and his body badly burned when the airplane, which he was driving alone at Call field, American camp, fell nose-first today and was consumed by fire.

As the nose struck the ground the tail of the plane remained upright in the air. Flames burst out and the wrecked machine was destroyed.

Franks would have received his second lieutenancy within a few weeks.

BIRTH ANNOUNCEMENT.

Mr. and Mrs. Norris Hilen, 57 Vine street, announces the birth of a son this morning.

ARM BROKEN.

While cranking his automobile this morning, Frank Smith, near Rocky Fork, sustained a fracture of his arm. The fracture was adjusted by Dr. J. N. Stone.

FILES BANKRUPTCY PETITION.

Canton, O., March 27.—Nancy Boyer, well known actress, filed a petition in bankruptcy here today. Her liabilities were named as $6400 and assets nothing.

Has All Ohio Baptists Working For War Chest Of $100,000 This Month

CHARLES W. SHINN

Of Toledo, educational director of the Ashland Avenue Baptist church, loaned to state organization while it is putting over its share of the national movement to raise an extra million dollars for work among soldiers and to prepare for after-the-war eventualities.

WILL REQUISITION WHEAT HOARDED BY FARMERS OR OTHERS

[ASSOCIATED PRESS TELEGRAM]

Washington, March 27.—State food administrators will be encouraged by the food administration to requisition summarily any stocks of wheat actually being hoarded. A general order to this effect has not yet been promulgated, but state administrators have been advised that they have authority to act.

Although farmers specially are exempted from the operation of the hoarding provisions of the food act, another section empowers the president to requisition food for any purpose connected with the common defense. This section is construed to obtain in the case of any farmer wilfully holding back grain supplies in the national emergency.

FORTY-FOURTH AVIATOR KILLED.

[ASSOCIATED PRESS TELEGRAM]

Forth Worth, Texas, March 27.—The forty-fourth aviator was killed here this afternoon. His plane crushed to earth at Everman.

NO ORDER TO EVACUATE.

[ASSOCIATED PRESS TELEGRAM]

Paris, March 27.—Reports current here that the inhabitants of Compeigne between Paris and the battle front were being removed are denied by the Petit Journal. A large number of persons it says are leaving the town voluntarily to avoid violent bombardments by the enemy airplanes but no order to evacuate has been given.

LIMELIGHT FOR JOSEPH.

[ASSOCIATED PRESS TELEGRAM]

Gary, Ind., March 27.—Joseph Jakowbik, munitions expert at the Illinois Steel Co. plant here, it became known today, helped to make shells for the 76 mile gun with which the Germans have been shelling Paris. Jakowbik, was employed at the Skoda gun works near Pilsen, Bohemia, and say the shells for the distance gun range from six to ten feet in length, are torpedo shaped and are made of three metals.

GET WAGE INCREASE.

[ASSOCIATED PRESS TELEGRAM]

New York, March 27. The United States Steel corporation today announced a wage increase of 15 per cent to employes at its manufacturing plants effective April 1.

SUMMON MEMBERS OF WAR COUNCIL FOR CONFERENCE

[ASSOCIATED PRESS TELEGRAM]

Washington, March 27.—President Wilson summoned most of the executive officials who are members of the war council to the White House for a conference at 2.30 o'clock this afternoon.

Among those called were Secretary McAdoo, Food Administrator Hoover, Fuel Administrator Garfield, Chairman Hurley, of the shipping board; Secretary Daniels, Chairman Baruch of the war industries board and Chairman McCormick, of the war trade board.

TURKISH ATROCITIES CONTINUE

London, Tuesday, March 26.—The entry of the Turks into the port of Trebizond was marked by atrocities against Greeks and Armenians. Greeks who have arrived in Athens from the Black sea report, according to an Exchange Telegraph dispatch from the Greek capital. The Turks also pillaged the town and caused much property destruction.

PRAISES THE AMERICANS.

Paris, March 27.—A French military commentator, writing in reference to the situation today, says concerning the Americans.

"At various points on the front our allies are bringing to the British their valiant support."

SOLDIERS' LETTERS

The following is an abstract of a letter from George Walton, who is stationed at Camp Sherdan, Montgomery, Ala. He is the son of Mrs. Laura Walton of Holliday street:

Dearest Mother:—Received your letter this morning—and say, but I was glad to get it, as I am tired tonight. We spent the night in the dugouts, and what a night it was, too—one that I won't forget for some time to come.

It rained on us all the way, and we marched six miles to the dugouts, and then had to go to bed in about six inches of mud. And what a march it was—rain coming straight down—and before we had covered a mile I was soaking wet. Then after we got into the trench we had to pretend we were in actual war. We were not allowed to smoke, or speak above a whisper. And when we left the dugout we had to follow one certain path, and did not dare to leave it, and it was so dark and slippery we could hardly stand up. [illegible] so we did not leave the trench only when we had to, and that was when we had to go on guard. We only had to do that once in every four hours, so you see we did not have to do guard duty very often. Then the place was crowded so one could not lie down, and when one did find a place it was in the mud. That is if you did not get an "upper berth." There was only one dugout that had an "upper berth" in it, and I was not in that one. I lay in the mud. We went in the trench at 8 o'clock, trying to go to sleep, and just about 10 o'clock the lookout blew his whistle and we had to get out and go to the guns, and pretend we were placing a barrage in front of the enemy trenches to prevent a charge.

I was acting as number five, and when I got in the gun pit, I jumped into about a foot of mud and could not get my feet loose. And then we found it was a false alarm, and had to go back to our dugouts.

We had just about got to sleep and away went the whitle, and out we went again. This, also proved to be a false alarm. We could not find any stones, or we sure would have stoned that lookout out of the tree where he was stationed. We remained in the trench until 8 o'clock today and then were relieved. And I sure am tired tonight.

Camp Sheridan, Ala.

How Pyramids Were Built.

In looking at pictures of the pyramids and the Sphinx every one has wondered how these great monuments could be built in an age when there was no such thing as a steam derrick. Discussion upon the point has run through the centuries. An English engineer has hit upon what appears to be the true explanation. His opinions are supported by the evidence of ancient inscriptions upon tombs and temples. This engineer states that in building a pyramid the Egyptians constructed an inclined roadway to the level of which the work had reached. As the pyramid grew taller, the angle of the road constantly grew steeper, and its length greater. Up this roadway passed all the material required in building the pyramid, hauled by slaves and pack animals.

SCHOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I use to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Bowers St., Nashua, N.H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The reason so many girls write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice, is because from their 40 years experience they have a store of knowledge which is invariably helpful.

HEALING RELIEF FOR TORTURING ECZEMA

Evans' Cut Rate Drug Store has sold hundreds of jars of Hokara, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara should give quick relief, and even the worst or most chronic cases should be cured in a short time.

You can buy a liberal-sized jar today at the very low price of 35c and with every package goes Evans' Cut Rate Drug Store's guarantee to refund the money if it is not satisfactory.—Advertisement.

THREE U-BOATS SENT TO BOTTOM IN SEA BATTLES

(Correspondence Associated Press.)

Liverpool, March 16.—Three Liverpool steamers have sunk three submarines in the Atlantic recently and it is now permitted to relate the circumstances.

In the first instance, a Liverpool steamer was fired upon by a submarine in the Atlantic at daybreak. The steamer paid no heed to the shots and kept on her course. The submarine followed cautiously steaming along the surface, keeping up a long range bombardment for an hour and a half. Suddenly the ship slowed down and the boats were lowered, apparently indicating that the captain had received all the punishment he wanted and was abandoning his ship. The submarine commander, fearful of a trap, circled around the ship several times and then came closer to the vessel.

The last act came swiftly. There was a sharp sound of falling timbers as a false side dropped away and then six explosions as a gun spoke six times. Four of the shots hit the mark, three of them destroying the conning tower and the other disabling the German gun. The submarine's bow rose high in the air and then slipped down into the water like a gigantic dart.

A second Liverpool steamer was outward bound at a speed of eight knots when a torpedo passed twenty feet astern. As the vessel was turned a second torpedo missed her bow. The guilty periscope was observed a quarter of a mile away and the gun crew began firing. The first shot went too high but the second and third exploded on hitting the enemy, which disappeared amid a great pool of bubbles and oil.

A sailing ship accounted for the third submarine. The ship was fired upon by a U-boat just before noon. As the German came within range his fire was answered, the sailing vessel firing thirteen shots. The chief gunner was a former petty officer in the British navy and he scored eight bulls eyes in a space of less than two minutes. His report says:

"The bows of the submarine disappeared and the stern rose clear out of the water. She remained in this position for about fifteen seconds and then disappeared. A minute later the stern and rudder came up again and remained steady above the water at an angle of 30 degrees for a few seconds before passing finally from view."

WHAT FARMERS NEED SEED CORN? PLEASE ANSWER

In order that I might know how much seed corn to have bought and brought to Licking county, I am asking all farmers in the county who need seed corn to either phone or write me stating how much seed corn they need.

Enough public-spirited men are ready to finance a deal to get sufficient corn to plant the crop, but want to know just how much is needed as they do not feel able to buy more of this high-priced corn than is needed.

Please let me known by Saturday just how much you want, and oblige L. L. MOWLS,
County Agricultural Agent.

GOOD SUBSTITUTE FOR FLOUR USED IN THE CAFETERIA

Washington, March 27.—Herbert C. Hoover and 500 other employes of the food administration have tried out the new wheat conservation regulations, which the public is asked to observe, and have pronounced them good. It became known today that the food administrator and his fellow-workers have gone the public one better by eliminating entirely the use of wheat in the administration's cafeteria, achieving not only a 100 per cent saving in wheat, but lessening the cafeteria's expenses at no sacrifice of nutrition of tastiness.

Flour made from rice, barley, potatoes, and corn, is used in the making of breads and muffins. Cornstarch is used for gravies. Continuous experiments with wheat substitutes are being made in the department of agriculture to develop new recipes for use of the public.

NOTHING LIKE PHOSPHATE TO INCREASE STRENGTH, VIGOR AND NERVE FORCE

ORDINARY BITRO-PHOSPHATE WILL DOUBLE THE STRENGTH OF WEAK, DELICATE, NERVOUS PEOPLE IN TWO WEEKS' TIME IN MANY INSTANCES.

Weak nerves quickly reduce the strong and robust to an extremely pitiable condition and rob men and women of all the joys of life. Slowly and stealthily the health is destroyed, the poor suffered only realizing the magnitude of his ailment when faulty memory, sleeplessness, indecision, lack of energy or other unmistakable symptoms indicate weak nerves. Then it is a serious and dangerous mistake to resort to the use of so-called tonics, alcoholic or drug stimulants.

Weak and exhausted nerves need food and nourishment—not stimulants that lash them into temporary activity. The food and nourishment advised by present day physicians is just one 5-grain tablet of pure bitro-phosphate taken during or immediately after each meal. Simple advice, but its soundness has been proven over and over again.

Moreover the genuine standard bitro-phosphate is inexpensive and is sold by most of all good druggists under a binding guarantee of satisfaction or money back. 3-27-29

A "laggard in love" may be giving the girl further respite from hunger.

CAMP SHERMAN NOTES

[ASSOCIATED PRESS TELEGRAM]

Camp Sherman, Chillicothe, Ohio, March 27.—Seven thousand one hundred and thirty-three new selects are expected here on Friday and Saturday of this week and on Monday and Tuesday of next week, according to an announcement received by officers here today. The statement was also made that word had been received here from Provost Marshal General Crowder to the effect that so far as is known western Pennsylvania selects will continue to be sent here for their training. No new selective service men will arrive on Sunday so far as is known. Barracks are in readiness for the men.

Six hundred and eighty six new draftees are due on Friday from the following counties: Williams, Henry, Paulding, Van Wert, Mercer, Darke, Washington, Athens, Hocking, Meigs, Putnam, Fulton, Defiance, Lucas, Shelby and Miami. Seventeen hundred and seventy-eight men are scheduled to arrive on Saturday from the following counties: Butler, Clermont, Brown, Preble, Hamilton, Highland, Clinton, Montgomery, Greene, Fayette, Geauga, Mahoning, Portage, Ashtabula, Lake, Morrow and Morgan. Henry drafts of men are due as follow next week.

Monday, Youngstown 165; Akron, 294; Cleveland 556; Springfield, 90.

Tuesday, Columbus will send 170; Cleveland 526 and Akron 280.

Following transfer of Col. Sam. V. Ham from the command of the 158th depot brigade to the command of the 330th infantry, Colonel Robert W. Mearns, formerly in command of the 332nd infantry and more recently attached to the depot brigade becomes chief receiving officer. He will have charge of the new selects until such time as they are definitely assigned to other organizations. According to present plans all of the new men will be unloaded at the camp station, while after April 2 all drafts of men will detrain at the Chillicothe station. Lieutenant Colonel J. A. Bell of the 332nd infantry, will be in charge of receiving the men at the station, assisted by Lieutenants S. M. Bender and C. C. Starrett.

Following a query to Washington General Crowder replied that no change in the plan to send Western Pennsylvania selects to this camp is contemplated. A persistent rumor has been circulated all through western Pennsylvania that selects from there were to go to one of the southern camps.

Anti-gas instruction is to be given the artillery selects beginning April 1. The men will drill with their masks on and off. They will be taught to wear their masks while operating their field pieces. The instruction will be under the supervision of 16 non-commissioned officers in each regiment who have recently completed courses of instruction under British experts here. Night operations are also in store for the artillerymen in the near future. Tactical problems will be worked out by the selects just as though they were engaged in actual battle with the Huns.

Five additional organizations were released from quarantine for scarlet fever today as follows:

Company L, 330th infantry; Battery E, 324th Heavy Field Artillery; Company D, 308th. Engineers and Ambulance Company No. 330. Battery B, 323rd Light Field Artillery was quarantined for scarlet fever.

Selects today were putting on the finishing touches for the complete field inspection and divisional review scheduled for tomorrow morning. All of the regiments will pass in review and will be inspected thoroughly. An estimate will be made by officers appointed for the purpose to judge the progress the Ohio and Western Pennsylvania selects have made since coming to camp.

TISSOT'S PICTURES AT ST. JOHN'S CHURCH THIS EVENING AT 7:30

An illustrated lecture will be given at St. John's Evangelical church at 7:30 this evening. The famous Tissot pictures will be used depicting the trial, condemnation and the crucifixion of Christ. Everyone is heartily invited. A silver offering will be received.

ATTACK NEW BRITISH LINE

[ASSOCIATED PRESS TELEGRAM]

London, March 27.—A heavy attack was made early in the night against the new British line south of the Somme. It was repulsed after severe fighting the war office announces.

In consequence of attacks yesterday evening astride the Somme, the British troops on both banks were forced back a short distance in the neighborhood of Bray.

The announcement follows:

"As a result of the enemy's attacks yesterday afternoon and evening astride the Somme our troops on both banks were forced back a short distance in the neighborhood of Bray. A heavy attack made early in the night against our new line south of the Somme was repulsed after severe fighting. At one point in the neighborhood of the river the enemy forced his way into our positions but was thrown back by our counter-attacks.

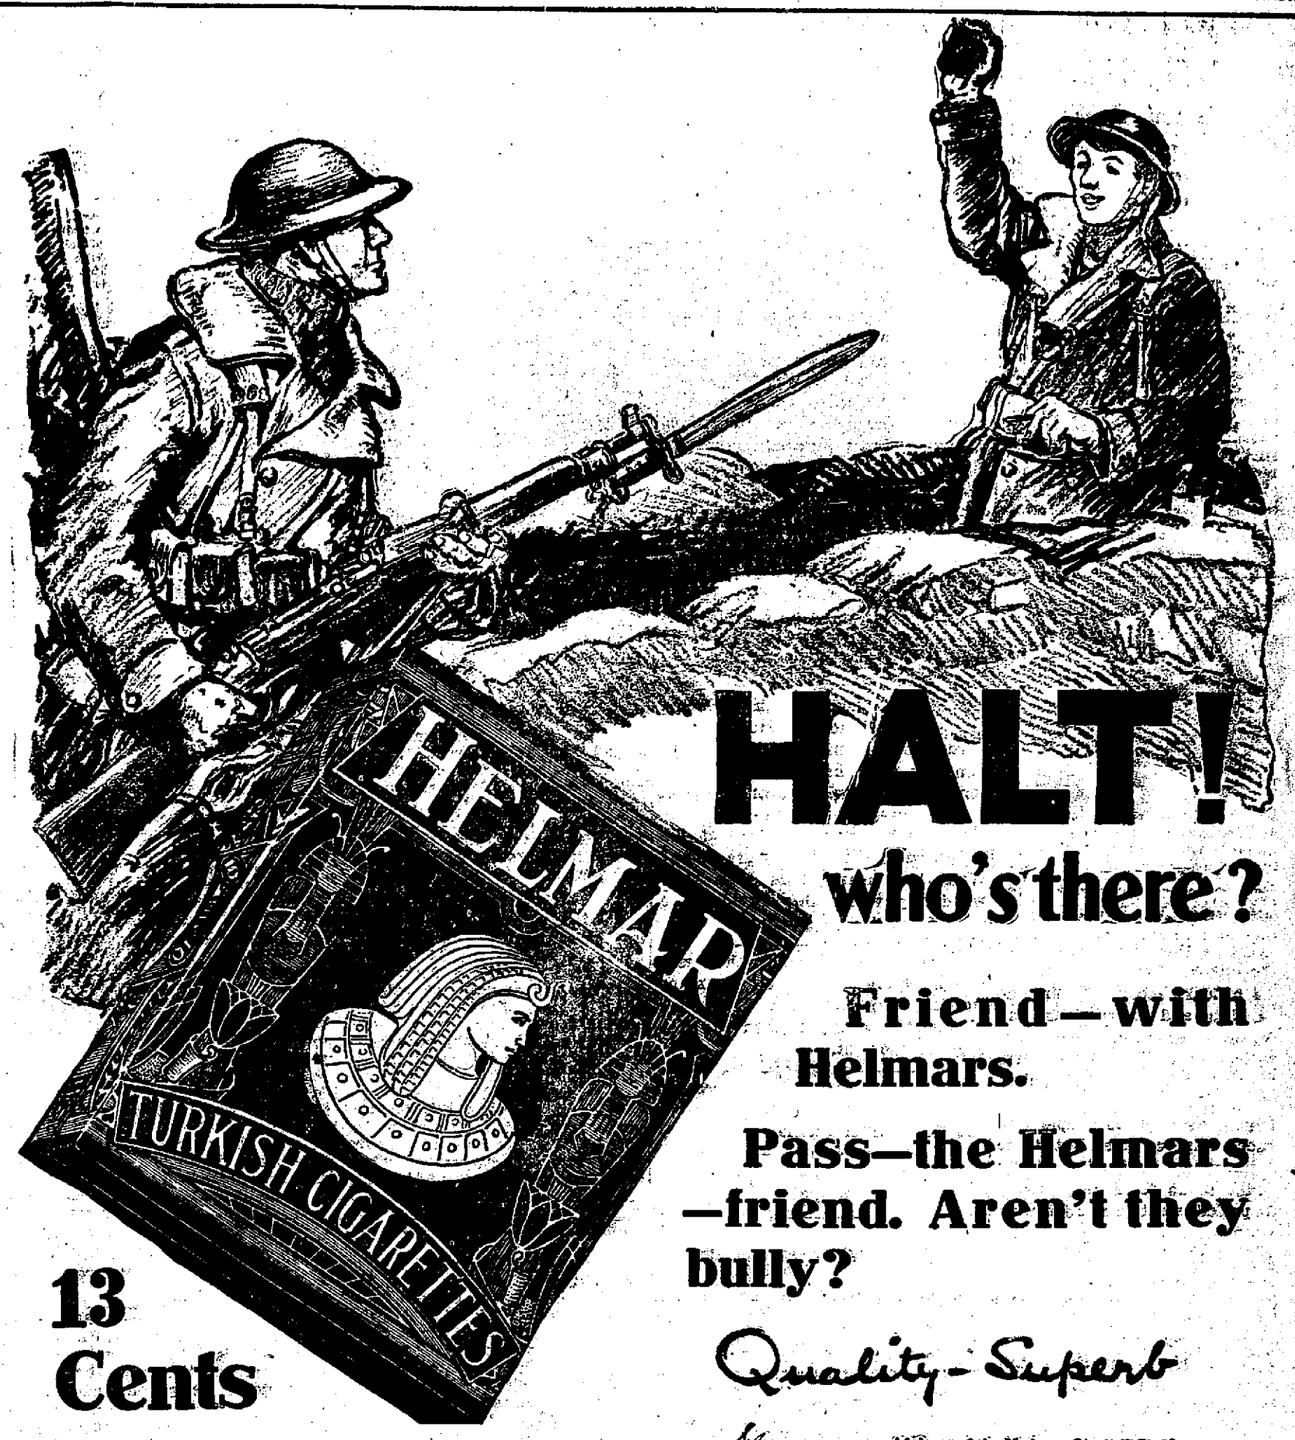

"Further local fighting has taken place also north and northeast of Albert, but the situation on this part of the battlefront remains unchanged."

CANNOT FORETELL RESULT.

[ASSOCIATED PRESS TELEGRAM]

Amsterdam, March 27.—"A great battle has been fought and victory has been won, but nobody can foresee what will result from it," said General von Ludendorff, chief aide to Field Marshal von Hindenburg, in an interview with the correspondent at the front of the Tages Zeitung of Berlin.

We can't say whether a ball of yarn that gets tangled has that feeling of being all balled up.

LICKING'S WAR-WORK.

Two hundred busy men assembled at the Chamber of Commerce yesterday at 4 o'clock; received their credentials, data and instructions, and an hour later began the important work of making a survey of Newark.

To many this may seem a useless or trifling task, at best one that should have been left to people who have more leisure time, but these men, impressed with its importance and pledge to do their duty during the war period, went to the job with enthusiasm. The fact that well-known business and professional men are giving their time and effort to this preliminary war-work will in itself insure a courteous hearing and a ready response.

The work is to continue this evening, tomorrow evening, and all day on Friday, by which time it is expected that every one of the 7000 Newark homes will have been visited and an accurate record of conditions made. Questions relating to employment, spring gardens, war service, liberty bond and war-stamp purchases, farm-work, and soforth, are being asked, and the net results will be tabulated and card-indexed in anticipation of the war-chest drive that is scheduled for the month of May.

In making the canvass the men are also preaching thrift and are bringing to the attention of everyone whom they meet the importance and the value of buying War Savings stamps.

Next month these men will sell Liberty bonds, in May they will conduct the war-chest drive, and in June they will have a War Savings stamp campaign. At the same time the country and village districts are being well organized for similar work, though no survey of the country sections is contemplated.

The organization for war-work is made up of about 600 men and is managed by an executive committee of 10—five from the city; the other half from the county. There are eight division chairmen in Newark with captains and workers under them. There are 26 township chairmen with captains and workers in every school district, Mr. E. C. Wright, presiding, is general chairman, and Mr. G. G. Barber as secretary.

It has taken weeks of hard work to perfect the organization, but it has been well done, and the men who constitute the organization of "Licking's 600" are pledged to give their best services during the continuation of the war. They work without price, of course. There is not only no salary or commission paid, but every one of the men who are giving freely of their time will be found among the liberal contributors to the war-chest.

Old Licking now has 850 boys in the service, and many more will go into the army and navy. The folks back home are proud of them and they will see to it that they are backed up by the 60,000 people who remain at home in this county.

Hats off to the volunteer war-workers who are pledged to see that Licking county does its full part in the great war-work that is ahead.

The Germans think they are very kind to the Russians, as they give them their free and untrammeled choice whether they would prefer to perish by the sword or starve to death.

The time has passed when the American people can throw up their hats and cheer enthusiastically over the big things they are going to do at some future time.

NEIGHBORS' CHICKENS.

Spring is at hand and garden work is about to begin. Owing to the scarcity and high prices of food and to the urgent request of the government it is altogether probable that more home gardens will be cultivated this year than ever before in the history of Licking county.

Many people are hesitating to buy seeds and do the work of planting and caring for a garden because of the annoyance of neighbors' chickens. In fact, the "neighbors' chickens" menace is likely to prevent no little gardening unless the owners of chickens will realize the annoyance and damage they cause if the chickens are allowed to roam through other peoples' property. There should be no loose chickens this spring. The demand for gardens should have no interference.

Some of these emissaries that come around the war plants talking about the pitiful condition of the workingman, should be requested to help out the workingman with some of the stuff they get from Berlin.

When you hear a man deploring the absolute incompetence of the government, it might be well to ask him how much he has cut down his consumption of white flour this year.

Someone writes to ask what the pro-German congressmen are doing? Well, last heard from they were wondering where they could get a job after the next election.

It seems too bad for the army sharpshooters to use up so many wooden targets, when there are plenty of perfectly good German spies to shoot at.

Great year for nuts, as there are 180,000,000 being gathered in by the Germans in Russia.

PREPARING FOR A LONG WAR.

(Chicago News.)

"In Washington," says Samuel Insull, chairman of the Illinois state council of defense, "preparations are being made for a long war." Yet the national administration is understood to be still engaged in registering opposition to the adoption of universal militry training as a war policy.

The conviction is steadily growing throughout the United States that the nation will have to mobilize its resources for a desperate struggle extending over a considerable period of years. The government must make its plans with this grim prospect in view. To do otherwise would be unfair not only to the American people, but to the cause of humanity and civilization. Planning in this fashion, the government cannot escape the conviction that universal military training ought to be adopted and preliminary arrangements made to put it into effect at the proper time. That time will come when the instruction in soldiery activities of all able-bodied American youths who have reached the age of 19 can be undertaken as an effective aid in preparing the nation for victory over the forces of autocracy.

The present selective draft system does not embrace all the factors in the equation of developing the full military strength of the republic. It ignores the most available material for victorious armies—young men between the ages of 19 and 21 years. In this period the soldier's separation from civil life is far less disturbing to community order and to the economic balance than is that of the men within the present draft age.

The United States ought to provide itself with a system of military training that would prepare all suitable young men for army service before they reach the age of 21. If this is to be a long war, as unfortunately we have good reason to expect, congress and the national administration will have to put into effect universal military training whether they like it or not. Intelligent acceptance of the facts would lead them to establish the system as a great national benefit in peace no less than in war. They should act now.

THE FIGHTING AMERICAN.

(Columbus Citizen.)

The Germans on the western front are face to face with a different type of fighting man from any they have ever encountered or even dreamed of. The American soldier who has been stalking their patrols in No Man's Land is an unknown quantity in the German scheme of things.

Your German makes a good fighting machine. With all the cogs oiled and geared and the engineer on the job the machine works smoothly enough. But smash any part of the machine, throw out the gears or disable the engineer and the machine stops.

On the other hand, the American is a born fighting man, an instinctive soldier. He is a thinker and a doer; he has initiative, he has pluck, he has things the German lacks, things the German could never have, because of his environment, his system, his whole outlook upon life.

The Germans will learn many things from the men with whom they are fighting. They have already learned many things from the French and from the English, from the Italians, but in the American they are going to find the dash of the Frenchman, the bulldog tenacity of the British, the high courage of the Italian, the endurance and capacity for sacrifice of all three, and in addition the initiative, the personal element that will take great risks to gain great ends, and a sense of responsibility that will make the American soldier the equal of the troops that are fighting on their own soil to defend their homes. The American realizes that he is on the battle-front to save the world.

The Advocate's MELTING POT

We should be blest if we lived in the present always, and took advantage of every accident that befell us, like the grass which confesses the influence of the slightest dew that falls on it.—Thoreau.

Her Ultimatum.

"On Saturdays pork you must not eat," she said,
"And on Wednesdays not even a smidgen of bread:
When you breakfast on Tuesdays, or sup, dear, or dine,
Remember, the lips that touch meat can't touch mine'"

Believes in Preparedness.

Aunt Caline says: — Otto B. Goode's wife, has been up to Newark a-visitin' a nees or something up their, an' sence she has came back she can't talk about nothing but the offle style which they put on up at Abby's. An' every-buddy got so tired a-hering it they almost dide. So yesterday she come in here where I an' Gran'ma Podnose was a-settin' cam an' happy a-sewing rags fer Gran'ma's knew carpet an' she set down an' opened up at onct a-tellin' about all of Abby's silver an' so forth an' so on, an' says she, "They allers use finger boles at the table," she says. "Huh!" says Gran'ma, sudden-like. "We allers wash afore we go to the table," she says.

Did You Know

That a rainfall of one inch over one acre of ground is equivalent to 3,630 cubic feet, or 27,143 gallons of water? On every daily weather bulletin the amount of rainfall at various places during the preceding twenty-four hours is printed in inches and hundredths of inches. The amount can be estimated in gallons by multiplying the number of square feet in an acre, 43,560, by a cubic inch, 144, reducing this product to cubic feet, and multiplying the result by 62.4, the approximate weight of a cubic foot of water. Then divide this product by 8.345, which is the weight of one gallon of pure water, and the quotient will represent the rainfall to the acre in gallons—in case anyone should wish to know.

Profane History.

Xanthippe was a dame to fret,
Profane, we fear, and prone to shock;
Domestic she was not, and yet
She used to darn her Soc.
Newark (N. J.) News.

A girl named Florence by a lad
Was loved, whom well we used to know.
But when he sang her praise, his Dad
Was wont to dam his Flo.
—Ted Robinson in Cleveland Plain Dealer.

And with poor old Euripides,
Mellto's tongue was like a whip;
And every pretext she would seize
To say, "Take that, Eurip!"

Bring the Tourniquet.

The time when we feel that our fighting days are not over is when some long-faced old coot with a white necktie on comes back from a trip to France at someone's else expense, solemnly clears his throat and announces that our boys are drunk all the time.—Ohio State Journal.

We feel that way, too, and we should like to tighten up his costume, consisting as we infer, solely of a white necktie, and with a few skillfully administered twists shut off the flow of his eloquence at its very fountain head.

Ciphers.

"I do not like these ciphers, Gee'" Exclaimed sweet Bertha Bings;
"In fact it always seems to me
That they are naughty things."
—Luke McLuke.

And there's a figure that I hate,
It, two, is a bad one;
For we have often found it eight
More than it should have done.

Anxious Hopes and Tender Fears.

We have a friend who regards his attempts at amateur gardening with such assured complacency that we occasionally ask his advice, however rarely we mean to take it. So the other day when we observed him casting a somewhat scornful eye on our tomato plants which have just barely made a timid and puny entrance on the first guileless stage of their existence, we asked him when was the proper time to transplant them. "I don't know," he said, "I never raised any on the bottle."

GRABS SPITZBERGEN, TOO.

(New York Sun.)

Nothing within her reach that is seizable can escape Germany's greed for territory. The latest prize to which she lays claim in accordance with the provisions of her treaty with the Bolsheviki delegates is the ice-covered islands of Spitzbergen, an Arctic archipelago almost 1500 miles north of the Russian coast.

Spitzbergen was long the No Man's Land of the north. Its uninhabited islands were the prey of many nations ever since its discovery by the Dutch in the sixteenth century, but were owned by none. Its fur-bearing animals were practically exterminated some years ago, and the seals, walrus and whales in its waters were almost entirely destroyed by fishermen from the north European countries. Finally a new interest was given to the islands by the landing at a Norwegian port of a most welcomed cargo of coal.

While the existence of coal on the islands was known for more than a century, no attempt to develop this resource was undertaken until recently, when explorations were made by American, Swedish and British engineers. An Amreican corporation, the Arctic Coal Company, established a settlement, Advent Village, and successfully mined an extensive area on the south side of Ice Fjord, the largest and deepest of the Spitzbergen bays. The American flag flew over the territory occupied by the Americans, and their rules and regulations governed the district.

Germany in the treaty with the Bolsheviki calls for a Spitzbergen conference "carried on on a footing of equality for both parties," Germany has not before made any claims to the islands, and in comparison with the rights of other interested nations neither she nor Russia has any claim to make. In coolly settling in her own favor this long-standing matter of controversy she is merely acting on her policy of grabbing while the grabbing is good.

WATCHING FOR FROST.

(Ohio State Journal.)

It is said that in Illinois the weather bureau has made arrangements to let the farmers and gardeners know promptly when a frost is threatened. Our own weather bureau people will do the same thing and all the farmers and gardeners will have to do is to watch for the information. They can rely upon the reports in the daily papers and a farmer who does not take a daily paper is likely to get frost-bit, and he ought to be. The information is very important, for the next month one can hardly tell from one day to another what the weather will be. The weather bureau is a great assistance to a farmer in protecting his plants and crops against the frost. Much is saved by a little caution and care. Always have some method at hand for use when the time comes.

Pointed Observations

With Baltimore shipyard workers demanding $10 a day, it is plain that all the shipbuilding hogs do not come from Hog Island.—New York World.

That Order of the Sacred Treasure, which Japan has conferred on Elbert H. Gray, will be easy for Elbert. His job with the Steel Trust has made him used to handling treasure.—Indianapolis News.

With the first spring days comes the question of cutting down pleasure mileage. Save on motoring and help win the war.—Springfield Republican.

It is well to appeal to schoolboys to volunteer for farm work, but the husky male idlers of the summer resorts could be conscripted without practicing any great wrong.—Buffalo Enquirer.

Maybe the German editor who announces that the American soldiers won't fight is the guy who started the rumor that a duck won't swim.—Macon Telegraph.

Spirit of the Press

City Boys on the Farm.

Pennsylvania ought to have no trouble in supplying 45,000 husky boys to work on the farms this summer in helping to produce bumper crops. When it is remembered how large a portion of this state is unproductive from an agricultural standpoint, being either mountainous or covered with timber, the concentration of 45,000 youthful helpers on the really arable soil should be a factor of great importance. On a small scale the experiment proved successful last year. This summer the boys will have the satisfaction of knowing that they are fighting for the national cause no less than the soldiers at the front.—Philadelphia Record.

Preparing for a German Invasion.

By ordering 300,000 gas masks the Swiss government gives a practical answer to the Huns, who are professing good will toward the smaller country. The Swiss, apparently, are under no delusions—the Huns will respect the neutrality of Switzerland only as long as they have anything to gain by staying on German territory. Readiness to fight gives the only assurance of peace when the Teutons are in a mood for murdering and stealing. The purchase of gas masks is not likely to be misunderstood in Berlin.—Providence Journal.

WRIGLEY'S

Helps teeth, breath, appetite, digestion.

"Give it to me, please, Grand-daddy."

"Why Bobby, if you wait a bit for it you'll have it to enjoy longer!"

"Poo-poo! That's no argument with WRIGLEY'S 'cause the flavor lasts, anyway!"

Newark Hospital Tag Day

Saturday, March 30, will be Tag Day for the Newark City Hospital, conducted under Direction of the Twentieth Century Club

This club, numbering twelve young women as members, has done effective work for the Hospital since 1913, last year raising $420 on Tag Day. The club hopes to meet with greater success on March 30. Through money raised by this little club the Hospital baby ward has been furnished, the domestic science department, the laboratory and nurses' home equipped in part. Every dollar raised on Tag Day, March 30, goes to the Hospital. The public is cordially asked to respond when asked to buy Hospital Tags on Saturday.

You're Foolish To Suffer With Kidney Trouble

No one need be subject to constant pain and sickness from this cause.

Dodd's Kidney Pills

A REMEDY

Save yourself from constant aches and pains, from long-continued debility, from eventual Bright's Disease and possible death. Don't despair. Don't neglect the warnings found in backache, pain in loins, stiffness, swollen joints, dizziness, sediment in secretion. They indicate surely the ATTACKS OF DISEASE.

Get immediately the great Kidney and Bladder Remedy, DODD'S KIDNEY PILLS. Start now to check the ravages of the enemies to health. Be one of the thousands who rejoice in regained strength, vigor and happiness. But be sure to get the genuine—the box with DODD'S on the cover—the name with three D's.

Every Druggist Sells Them Under a Satisfaction-or-Money-Back GUARANTEE.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO 'PHONE 2125.

Misses Nellie and Ava Ballou are entertaining as their guests today, Misses Sue Hebling and Esther Weaver of Toledo, who are students at Shepardson College, Granville, and Miss Florence Chubbuck of Cleveland. The Misses Ballou will accompany Miss Weaver to her home in Cleveland, where they will spend the Easter holidays. Miss Chubbuck will be the guest of Miss Hebling in Toledo during this week.

Miss Adria Harrison is entertaining at her home, East Main street, with a sewing party this afternoon, for the pleasure of Mrs. Ralph Cook and Mrs. Joseph Gainor.

A number of the neighbors planned an informal surprise on Mrs. Ralph Cook (Clotilde Howard) at her home, Clinton street, Monday evening. The self-invited guests showered her with kitchenware and a delighted evening was spent and luncheon was served.

The annual social affair of St. Luke's Commandery, Knights Templar, will be held Tuesday evening, April 9, at the Masonic Temple. Dinner will be served at 6 30 o'clock, followed by dancing.

A number of friends gathered at the home of Mr. and Mrs. Grover Orr, Saturday evening, March 23, to give them a farewell reception before moving into their new home on the Hebron road.

Those present were: Mr .and Mrs. Harvey Lawyer, Mr. and Mrs. Mae Conn and little daughter, Virginia; Mr. and Mrs. J. H. Orr, Mr. and Mrs. H. K. McKinnis, Mr. and Mrs. Walter Kelier, Mr. and Mrs. Homer Proctor and daughter, Dorothy; Mr. and Mrs. Mont Orr, Mr. and Mrs. Ralph Adams, Mr. and Mrs. Arch McMillen, Mr. and Mrs. Carl McMillen and son, Ralph; Mr. and Mrs. Horner Woolard, Mr. and Mrs. B. A. Price, Mr. and Mrs. Taylor, Mabel McGinnis, Ethel McGinnis, Norma Moose, Mary Price, Susan Taylor, Clyde Able, Lester Richards of Outville, Ella Moose, Clark McCrearey, Mrs. Thos. Sand and children of Centerburg, Mr. and Mrs. A. J. Ford and daughter, Elenore; Mr. and Mrs. Edward Copley and daughter, Blanche, of Newark.

At a late hour light refreshments were served.

The Unity Sewing club was entertained, Wednesday afternoon, March 20, at the home of Mrs. T. H. Hankinson. The afternoon was pleasantly spent in sewing for the Red Cross.

A luncheon was served to the members and the following guests: Mrs. Hayes Hankinson, Mrs. Ernest Payne and daughter, Helen; Mrs. Cora Holler, Mrs. Edgar Taylor and daughter, Virginia, and Mrs. Harry Montgomery.

The next meeting will be held at the home of Mrs. E. L. Jones, North street, April 3.

Foster—Wells.

Lee Clem Foster, a prosperous young farmer, residing near Outville, and Miss Alda Mae Wells, also of Outville, were united in marriage by Rev. Edwin M. Larason, at his residence, West Main street, Saturday afternoon at 3 o'clock. The happy couple were attended by Mrs. Neeley of Granville, a sister of the bride.

Mr. and Mrs. George Conklin entertained at their home in Summit street, Sunday with a dinner in honor of Mrs. Conklin's brother, S. R. Sinsabaugh of Pittsburgh, Pa., who expects to be called soon to training camp The dining room was decorated with tulips, while roses were used in the living room.

A dinner of delightful appointments was served the guests.

THE COURTS

Married by Justice.

Justice Bert O. Horton united in marriage Emanual Steinhauser and Mrs. Theresa Rabe at his office in North Park Place Monday afternoon. The bride is from Canton and formerly lived in Lancaster. Immediately after the ceremony Mr. and Mrs. Steinhauser left for their future home in Akron, where the groom is a salesman for the Buckeye Pump Co.

Marriage Licenses.

Russell Ray Wilson, farmer, Newton township and Miss Anna M. Van Winkle, Madison township. Rev. C. H. Stull named to officiate.

Real Estate Transfers.

E. H. Laughery to Alva L. Wright, parcels in Mary Ann township, $1. etc.

Mary A. Gilbert to Jesse A. Flory, parcel in Church street, $1, etc.

W. E. Smith to Wayne Edman, one-half interest in 5 acres in Liberty township, $1. etc.

E. Cary Norris to George F. Young, 99 acres in Union township, $1, etc.

State of Ohio to the American Bottle Co., portion of North Fork feeder between Leroy and St. Clair street, $2500.

Common Pleas Court.

In the case of Joseph Schrier vs. Wm. H. Broome, et al., the sale of the real estate made by the sheriff was confirmed by the court, and deeds and distribution were ordered.

After hearing the evidence in the case of Emma F. vs. James G. Moran, the court took the matter under advisement. The matter submitted was as to the amount of alimony which plaintiff should pay to defendant, a divorce having been granted to the plaintiff some time since.

Ella Reed vs Calvin Williams: Passed from the assignment.

Justice Hortons Court.

The hearing of the case of the State of Ohio vs. Harry Dunn, who was arrested on an assault charge filed by J. E. Codington, was held this morning in Justice Bert O. Hortons court. The defendant waived examination and was bound over to probate court in the sum of $100.

Adjudged Insane.

Two men were adjudged insane today in probate court—the first was James Hartupee, aged 61, of this city, and has been making indifferent threats of homicide. He was examined by Drs. J. P. H. Stedem and Leland Baxter, who pronounced him insane.

The other case was that of James Jamison, aged 34, of Madison township. He has been unable to sleep for sometime on account of the great fear he had of dying. Drs. P. H. Cosner and J. P. H. Stedem made the examination and both men will be sent to the state asylum.

ABOUT PEOPLE

Misses Nellie Fleming and Grace Doyle are spending the day in Columbus, and will attend the performance of the Ziegfeld Follies at the Hartman theatre.

Mrs R. H. Woolford is visiting at the home of Mrs. Robert Kirk in Zanesville.

Mrs. T. G. Hyatt of 115 North Cedar street was called to Logansport, Ind., today, by the serious illness of her aunt, Mrs. Mary Posey.

Mrs. Paul Sachs and Miss Margaret Lisey are in Columbus today attending "The Follies" at the Hartman theatre.

Dr. J. T. Lewis and Miss Bess Kear attended "The Follies" at the Hartman at Columbus, yesterday.

James McGinley of Cleveland is spending a few days in Newark.

Miss Romaine Moriarity of Boston, Mass., is visiting her friends and relativs in the city. She is a graduate of the Newark high school in the class of 1916.

Harley Hughes is spending the day in Columbus on business.

J. W. Hohl, Jr., made a business trip to Columbus today.

Services For Men.

The pastors of the various churches are requested to notify their congreations this evening of the Passion week services for men that are being held at the Y. M. C. A. each day of this week from 11:45 to 12:15 oclock.

The Bazler and Bowers ambulance removed Mrs. W. R. Killworth from the City Hospital to her home, 17 Gay street, Tuesday.

OBITUARY

George Millay.

The funeral of George Millay, who died at Mt. Carmel hospital last Thursday evening at 6 o'clock, was held at Johnstown on Friday morning.

The deceased was born in Licking county, and was aged 54 years. He resided at Pataskala until 35 years ago when he entered the employ of the Pennsylvania railroad as a passenger brakeman running between Pittsburgh and Columbus. His home was at 137 Sherman avenue, Columbus, and death was caused by a tumor of the shoulder.

Mr. Millay, was a man of high Christian ideals. His life was characteristic of these ideals, both in his home and at his work. He was faithful to his duties as an employe and faithful to the teachings of his church, being a member of Catholic belief and a member of the Knights of St. John, the Ancient Order of Hibernians and of the Knights of Columbus.

He is survived by his wife and an adopted son, Clyde, of Columbus and two brothers, John and Charles Millay of Summit Station.

The funeral services were held at St. Josephs cathedral in Columbus, Rev. Father Nolan, assistant at the cathedral officiating. The body was taken to Johnstown for interment, and Rev. Father OBrien officiated at the grave.

Louis Burkhart.

The remains of Louis Burkhart, age 41, who died at Wheeling, W. Va., Monday, were shipped to this city Tuesday and taken to the home of his parents, Mr. and Mrs. Jacob Burkhart in Cedar street. Funeral arrangements have not been made.

Every Day Etiquette

"I received a wedding announcement, and in the lower left-hand corner is written: "At home after July first.' What shall I do in response?" asked Doris anxiously.

"It is not necessary to acknowledge announcement cards, but it is proper to leave cards or call on the bride's parents within two weeks after receiving the formal announcement. You should also call upon the bride on or after her receiving day," answered her aunt.

Our Boys and Girls

Children when babies should be allowed to roll and tumble about on the floor as much as they will and as much as possible in the sun. The sun-bath is all too little appreciated as an aid to a child's beauty and health. The room should be warm and a sheet or quilt should be spread on the floor in the sunlight. Be sure that there are no drafts to let baby catch a cold.

If he should fall asleep, allow him to have his nap lying flat on the floor, and no not run to get a pillow for his head. Lying flat permits better circulation and tends to keep the spine and shoulders erect As soon as he is old enough teach the child to stand erect, hands at sides, and then to bend forward and down from the hips several times with the knees stiff. Encourage him to do this often as it tends to suppleness and to strengthening the spine

The operation of brushing the hair can be made a very enjoyable one for a child by always associating it with a few pleasant words or a fairy tale. As soon as the child is old enough it should be taught to spend a certain number of minutes brushing its hair before going to bed.

NOTHING TO REPORT.

[ASSOCIATED PRESS TELEGRAM]

Washington, March 27.—General Pershing cabled the war department early today he had "nothing to report" so far as the American troops were concerned, in the progress of the battle on the western front.

WHY I BUY THRIFT STAMPS.

I am saving up my money
And for what, you cannot guess?
If I cannot be a soldier,
I can do what I think best

Far away in foreign countries,
Camped along some rivers bank—
Are my friends and all my brothers,
Who, when called for fell in rank

Now, for all these good brave soldiers,
Ammunition, food and clothes
Are the things that are most needed,
So that they can fight our foes.

Let us all then save our money,
Help the soldiers in the camps,
Give them food and ammunition,
To do this, we'll buy Thrift Stamps

—Alice Pine, Woodside School.

Milady's Boudoir

Superfluous hair is often the cause of much discomfort, particularly to brunettes, for it is the brunette who is most often the victim of its growth. There are two kinds of superfluous hair—the soft, fine down, and the stiff, scattered hairs like those in the eyebrows. The latter kind often appear on the upper lip, chin, and sometimes on the cheek near the ear.

There are various methods for removing superfluous hairs, but I would advise leaving them alone unless they are very disfiguring. Some women are particularly sensitive to anything of this sort and fancy disfigurment where none exists. It has been said that a slight downy line on the upper lip of a brunette frequently adds a charm by lending a piquant xpression to the face.

Unhappily the depilories on the market are not all harmless, many of them containing arsenic which should never be brought into contact with the skin. Superfluous hair can be rendered much less visable by the use of perovide of hydrogen combined with an alkeline solution for toning down the color of the hair.

For this solution use equal parts of ammonia and absolute alcohol. After washing the hair thoroughly with soap and water, apply this persistently for five minutes with a camel's hair-brush. Then, without drying, apply strong perovide with another brush for five minutes more.

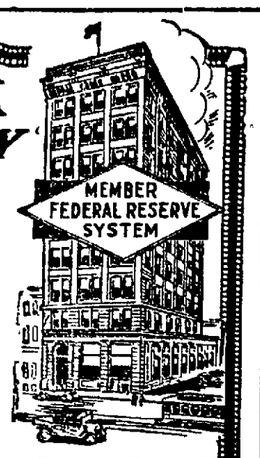

Of course, hairs are often removed by the use of electricity, but as the current has to be applied separately to each hair, the expense is considerable. There is always danger, too, of getting into the clutches of the unscrupulous beauty doctor.

HOLDING ITS OWN.

Washington, March 27.—Swedish press reports transmitted today to the state department by American Minister Morris at Stockholm say the White Guard (Finnish) is holding its own in the fighting with the Red Guard (Bolsheviki).

SAD RELIEF CASE BEFORE TRUSTEES

The regular meeting of the township trustees was held Tuesday afternoon. Many bills were ordered paid. One relief case, and a most sad one, was before the trustees. It was that of a man recently the victim of a cruel accident. He has a large family in dire distress, because of his inability to labor as is his wont. The trustees, ever sympathetic, gave him aid, and will continue to do so until he is restored to his normal physical condition.

The very important subject of good roads for Newark township was discussed from every possible viewpoint. A mighty effort will be made by the trustees to make the roads of Newark township what they ought to be—the best in all Licking county.

According to a well defined Ohio statute, and a good one, too, every citizen of the Newark city and township, has a legal right to donate labor, material, etc., for the improvement of public highways. Several progressive citizens, such as Col. W. C. Wells, Mr. Jones of the rail mill, and others, have already made generous donations. The trustees, William Priest, William Gutridge and Mac Mossman will be only too glad to enforce this statute if opportunity is given them.

Let every progressive citizen of our city and township contribute something for the betterment of the roads in the vicinity of Newark. Talk good roads for Newark township, and let your talk be backed by a donation.

GRANGE MEETING AT UTICA ON SATURDAY

There will be an all-day Grange meeting at Utica on Saturday, March 30, and an interesting program has been arranged. Music will be furnished by the Young Women's High School Glee club under the direction of Miss Schank. The following program will be given:

9:00 O'clock.

Lecturers' Conference—Mrs. Dickson, Lecturer of Ohio State Grange, will preside.

1:30 O'clock.

Music.
"The Grange and the War"—Mr. Cunningham, Gambier.
Music.
"Grange Spark Plugs"—Mr. Keckley, Vanatta.
Music.
"Some Grange Problems," Mr. Tulloss, Fredericktown.
Music.
"Our Duty as Grangers," Mr. Caldwell, Pataskala.
Music.
"Speed Up," Mrs. Dickson, Piqua.
The National Anthem.

GRANVILLE

(Special to the Advocate.)

Granville, March 27.—Dr. T. A. Lewis, in charge of community gardening in this township, is getting ready for spring work. One of the duties to be discharged by his committee is to place vacant lots in charge of those who will work them, either out of patriotism or "on shares." Dr. Lewis already has received information of such ground and invites further aid along this line. This is to be a great year for food production and Granville will not be found lacking in this line of patriotic activity.

Responding to Mrs. Ray's call for Red Cross supplies this week, there have been willing workers at the rooms who are bending every effort to furnish Granville's quota. The A. F. F. W. directed their usual Tuesday activities to turning out surgical dressings and front-line packets, with gratifying results. The rooms were open last evening and will be open every afternoon and evening this week with a qualified member in charge of the work. This is an emergency call and should take precedence over other duties, even the sacred spring housecleaning.

The Presbyterian ladies are planning a delightful Easter Supper to be given in the social rooms of the church Saturday evening, March 30. Band No. 1 of the Ladies' Aid are to be hostesses on this occasion and every one may be assured of a bountiful repast in self-serve style, beginning promptly at 5 o'clock.

At a delightfully appointed party, given by Misses Katherine Stout, Mildred Clinger and Ruth Evans, Monday evening at the Kappa Phi house to active members of the society, announcement was made of the engagement of Miss Frances Carney, youngest daugter of Dr. and Mrs. Frank Carney, to Mr. Karl Knieadler of Zanesville. Both young people are students in Denison. Miss Carney a member of Kappa Phi, and Mr. Knoedler of Omega Pi Epsilon fraternity.

Miss Harriet Swetland of Chicago, who has arrived for the Beta party tonight, is the house guest of Mrs. Theodore Johnson.

Miss Ada Roudebush of Cincinnati is the guest of Chi Psi Delta friends for a few days and will attend the dance in Curtis Lodge this evening.

The King's Daughters will work in the Red Cross rooms tonight on the special quota of surgical dressings, under the direction of Mrs. Theodore Johnson. There seems to be no doubt that the Granville quota will be finished in time.

The local women's committee of the Council of National Defense have elected Prof. K. H. Eschman as head of a large committee to recruit for the big community singing school soon to be inaugurated in the township. Members of this committee and plans for the work will be announced next week.

Mrs. Martha Bishop of Ottamwa, Ia., is visiting her daughter, Jessie, in Shepardson College.

Ewart Carney came up from Camp Sherman to spend the week-end with his family in Granville.

Miss Fannie J. Ferrar left Tuesday for Toledo where she will spend the Easter holidays with her mother and sister.

Prof. and Mrs. K. H. Eschman will spend the week's vacation at Dresden, their old home town.

Several Granville people attended the Amato concert in Memorial hall, Columbus, last evening, among the number being Prof. and Mrs. M. E. Stickney, Prof. and Mrs. K. H. Eschman, Prof. and Mrs. R. W. Soule, Messrs. Donnelly, Hubert Wright, Frank Robinson, Profs. Bielfeld and Alden.

Mrs. A. P. Nichol, who has been on the sick list, is slowly convalescing at her home in College street.

KNIGHTS TEMPLAR TO HEAR ADDRESSES AND HAVE LUNCHEON.

St. Luke's Commandery, Knights Templar, will observe Good Friday at 11:45, Friday March 29. Short but appropriate addresses will be made and a lunch will be served all members present.

The members will attend Easter services at the Central Church of Christ on Sunday evening, and will assemble at the asylum at 7 p. m., in full uniform without swords. There will be a meeting of the Commandery every Tuesday evening during the month of April. Inspection will be held on one of these evenings. The Order of the Temple will be conferred at each meeting excepting that of April 2, when the annual will be held.

WHO OWNS PROVISIONS? WHO STOLE CULTIVATOR?

On Saturday evening a basket of provisions was left at the Loughman restaurant in West Main street, and has not been called for. The matter was referred to the police this morning and the owner will be located.

Bud White, son of Thomas White, colored, living in Jackson street reported to the police department this morning that a harrow and cultivator had been stolen from their home some time after 6 o'clock Tuesday evening.

THE MARKETS

Wall Street.

New York, March 27.—A vigorous rally from yesterday's late recession attended today's early stock dealings. Rails led the advance, coalers and Pacifics rising from large fractions to 1¼ points. Trading in Liberty bonds was relatively light with a steady tone.

The activity and strength of the first hour centered in equipments and rails. Prices yielded moderately later on the heaviness of motors and shippings which reacted one to three points.

Chicago Grain and Provisions.

Chicago, March 27.—Corn gained in strength today owing more or less to the hopeful character of advices from the battlefront in France. Opening prices which showed ½c advance, with May 1.26⅛ were followed by a moderate additional upturn.

Fresh demands from seaboard interests helped to put oats on the upgrade. After opening ⅛ to ¾c higher, with May 86¼ to 86½@86⅝c, the market continued to harden.

Provisions ascended with hogs and grain. Pork was the leader.

Cleveland Poultry and Produce.

Cleveland, March 27.—Eggs: fresh receipts 37@37½c.

Other markets unchanged.

Chicago Live Stock.

Chicago, March 27.—Hogs: receipts 28,000; strong. Bulk, 17.20@17.75; light, 17.25@18.00; mixed, 16.90@17.95; heavy, 16.15@17.60; roughs, 16.15@16.60; pigs, 13.00@16.75.

Cattle: receipts 8,000; firm. Native steers, 9.60@14.50; stockers and feeders, 7.70@11.50; cows and heifers, 6.75@11.80.

Calves: 10.50@16.00.

Sheep: receipts 8,000; firm. Sheep, 11.25@15.65; lambs, 14.60@19.00.

Cleveland Live Stock.

Cleveland, March 27.—Cattle: receipts 200; steady.

Calves: receipts 250; steady. Good to choice veal calves, 17.50@18.00.

Sheep and lambs: receipts 500; steady. Clipped lambs: 15.00@15.25; good sheep, 8.00@12.00.

Hogs: receipts 1500; 5c higher. Yorkers and lights, 18.55; heavies, 18.25 pigs, 17.75; roughs, 16.00; stags, 14.50.

Cincinnati Live Stock.

Cincinnati, March 27.—Hogs: receipts 5,600; strong. Packers and butchers, stags, 10.00@13.25.

Cattle: receipts 900; steady.

Calves: lower; 7.00@16.50.

Sheep: receipts 100; steady. Lambs, strong.

Pittsburgh Live Stock.

Pittsburgh, March 27.—Hogs: receipts 1,500; higher. Heavies, 17.50@18.00; heavy Yorkers, 18.50@18.60; light Yorkers, 18.00@18.25; pigs, 17.75@18.00.

Sheep and lambs: receipts 300; steady. Top sheep 14.75; top lambs, 19.

Calves: receipts 200; steady. Top, 18.50.

East Buffalo Live Stock.

East Buffalo, March 27.—Cattle: receipts 250; shade easier.

Calves: receipts 300; strong; 7.00@19.50; few, 20.00.

Hogs: receipts 2,500; steady. Heavy, 18.25; mixed, 18.30@18.95; Yorkers, 18.75@18.90; light Yorkers, 18.00@18.25; pigs, 17.50@18.00; roughs, 16.50@16.60; stags, 13.00@14.00.

Sheep and lambs: receipts 3,500; lambs slow. Lambs, 13.00@19.25; others unchanged.

EAST MAIN STREET METHODIST REVIVAL.

One of the most interesting meetings of the series was held last night at the East Main Street M. E. church when a chorus choir of more than thirty voices, made up of men and women from the Willing Workers Sunday school class filled the choir loft.

Rev. J. E. Walter preached a helpful sermon and the entire audience moved forward to prayer. Tonight the pastor will preach and on Thursday evening the Holy Communion will be administered. It is desired that every member of the church be present at the service.

Rev. Mr. Crawford of Granville will preach on Friday evening. This is Sunday school night and a most interesting service is anticipated.

RESOLUTION.

BY NEWKIRK.

Be it resolved by the Council of the City of Newark, State of Ohio:

That a sidewalk be constructed on the north and south sides of Channel street from Maple avenue to Priest street, of the character and in the manner following: "In accordance with the plans and specifications therefor on file in the office of the Director of Public Service of the City of Newark, Ohio.

That the Clerk of Council be and he is hereby directed to cause a written notice of the passage of this resolution to be served as required by law.

Passed March 18th, 1918.

R. L. WILLIAMS,
President of Council.

Attest: J. S. WOODWARD,
Clerk of Council.

Approved by the Mayor this 18th day of March, 1918.

H. A. ATHERTON,
Mayor.

"BOOSTER NIGHT" AT BIG REVIVAL WELL ATTENDED

Revival meetings at the Presbyterian church are in full sway. Last evening was "Booster" night, and due to the efforts of the hundreds of little boosters, the church was crowded to the doors.

Shortly before the service began the hundreds of little boosters, boys and girls, marched into the church, led by little Elbert Loughman, skilfully beating a drum. They manifested their presence by singing booster songs and yells.

Ralph E. Mitchell, chorus leader, presented each with a small book, the "Gospel of Mark." The boosters represented the fifteen grade schools of the city. Two awards were given, to the two children who brought in the largest number of boosters. John Reed, son of Mr. and Mrs. E. A. Reed, brought in forty boosters and was given the first award, while Virginia Nye, daughter of Dr. and Mrs. W. B. Nye, was given the second.

Awards were also given to the two schools that had the largest representation. The first went to Woodside and the second to the North Fourth street school.

One of the features of the evening that was greatly enjoyed was the "Shine" song, led by little Paul Wilson, who wielded the baton most skilfully, and which wound up by their singing "Hats Off, Ladies," and it was remarked that all hats were quickly taken off.

An impressive sermon was delivered by Dr. Hazlett on "What Have They Seen in Thy Place."

The service was closed by Dr. Mitchell singing "God Give Us Home."

Today is "Friendship Day" and the subject of the sermon for tonight will be "The Great Secret." The mothers and daughters will be given special attention at this service, and are requested to sit together.

JUDGE H. C. SMITH OF ZANESVILLE, O., ENTERS THE LIST

Harvey C. Smith, judge of the probate and juvenile courts of Muskingum county and a resident of Zanesville, has announced his candidacy for the Republican nomination to the office of secretary of state.

Judge Smith authorized the statement of his candidacy last night. He has a large circle of acquaintances and friends in Newark.

CLAIM BOARD CASHED CHECK; NO AUTHORITY

A petition was filed today in common pleas court by The P. Smith Lumber company vs. the Hanover Board of Education and Mercer Brothers, contractors. The plaintiff says that on June 10, 1916, the defendants, Mercer Brothers, filed a bid for the new school house to be erected in Hanover and deposited a certified check for $2,000, ten per cent of the costs of construction, with the clerk of the board and that the defendants, the Board of Education, had knowledge of the fact that the plaintiff furnished the check for Mercer Brothers.

The plaintiff says that the board failed to accept the bid and failed to award them the contract; that the board without notice to the plaintiff and without authority cashed the check and deposited it in their treasury and although the plaintiff has requested the defendants to return the amount they have refused to do so.

The defendants, Mercer Brothers, have disappeared and their whereabouts are unknown.

The plaintiff says there is due him the sum of $2,000 with interest from September 11, 1916, and asks judgment in that amount.

LEGAL NOTICE.

James W. Mercer and Charles T. Mercer, whose residence is unknown, will take notice that on the 27th day of March, 1918, The P. Smith Sons Lumber company commenced its action in Case No. 19154, Court of Common Pleas of Licking county, Ohio, against The Board of Education of the Hanover Village School District of Hanover, Ohio, and the said James W. Mercer and Charles T. Mercer, late partners in business using the firm name and style of Mercer Bros., demanding judgment against the said Board of Education for the sum of $2,000.00 with interest thereon from September 11th, 1916, being the amount of a certified check made by said The P. Smith Sons Lumber company to the Clerk of said Board of Education for that sum which was deposited with the Clerk of said Board by said firm of Mercer Bros., together with the bid of said firm for $18,288.00 for the construction of a school house in the village of Hanover, which bid was not accepted by said Board of Education and which said check the said defendant, The Board of Education, cashed and has since refused to pay said plaintiff the amount thereof, which is sought to be recovered in said action against said Board of Education with interest as aforesaid.

The above named defendants are hereby notified that they are required to answer said petition on or before the 25th day of May, 1918, or judgment will be taken according to the prayer of said petition.

AMUSEMENTS

GRAND.
Tonight.

Winifred Allen appears as Anne, an old-fashioned little girl living in a New England village where bigotry and prejudices still flourish, in the Triangle play, "The Haunted House." Anne is permitted none of the pleasures of the modern girl. She is quaint and somewhat "queer," according to the superstitious villagers. There is an old fashioned mansion near the village that has a reputation for being haunted by a ghost. No one dares live in it, and those who have had the courage to approach it at night have been frightened away by the ghost. When Jimmy, a young crook played by Dick Rosson, robs the village bank, he seeks to escape his pursuers by taking refuge in the haunted house. The ghost comes out to meet him, but, finding him wounded, takes pity and conducts him inside. When outsiders dare to penetrate the fearful domain of the haunted

Scene From "Mutt and Jeff Dicorced," Auditorium Theatre Thursday Eve.

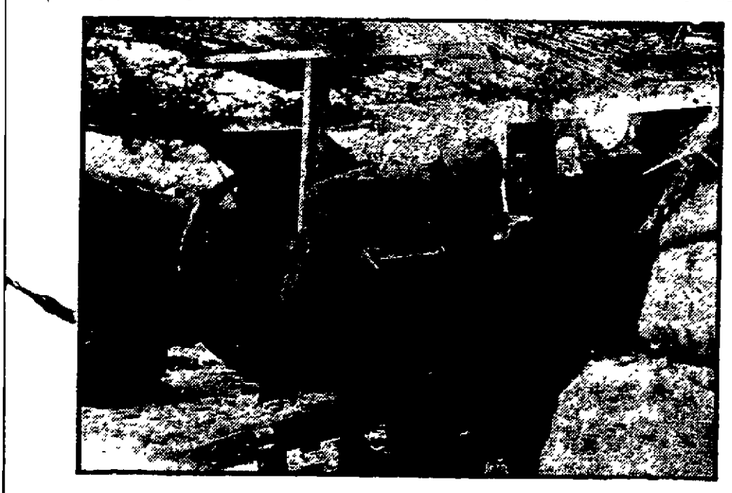

house, the little ghost uses wit and force to protect the boy. Strange and picturesque scenes are revealed within the old walls, for the ghost seems very human and welcomes the spirit of romance that has entered.

ALHAMBRA.
Tonight and Tomorrow.

The powerful and fascinating attraction at the Alhambra theatre tonight and tomorrow will be "Broken Ties," the World-Picture Brady-Made in which Montagu Love and June Elvidge are the stars and in which Arthur Ashley, Pinna Nesbit and Alec B. Francis appear in big, important roles and add to the distinction of the memorable cast. The story told in this masterly production is of a strange law case in which an attorney's idealistic conception of his duties to his clients leads him into strange ways. The attraction has been elaborately staged and is supremely acted.

Friday ad Saturday.

Glimpses of the picturesque arid Mojave Desert in San Bernardino county, Calif., and life as it existed about fifty years ago, are shown in "The

Scene From "The Remaking of a Nation," Auditorium April 1, 2 and 3.

Winding Trail," a Metro picture starring the adorable Viola Dana, which will be presented at the Alhambra theatre on Friday and Saturday.

The story of this interesting picture is laid in the West in the mining and prospecting days of the 1870's. Audrey Graham, the heroine (played by Viola Dana), goes from New York to the West. There is no railroad across the desert at the time this story takes place, and Audrey makes the trip in a typical prairie schooner. All the trials and thrilling experiences encountered on the desert in the early days are lived through by the little heroine.

At the town of Mojava, all the populace, headed by Sheriff Guy Hamilton, paid homage to the petite screen star, and barbecues and dances were arranged in her honor. She returned to the Metro studios at Hollywood with many mementoes of her trip, not the least being a revolver formerly owned by a noted desperado.

Sunday.

In the character of "Angy" Ainsworth, an impecunious artist in "Flirting With Fate," Douglas Fairbanks gives his two dogs a hearty meal by painting them two bones and a nice juicy piece of meat on a canvas. The picture will be shown at the Alhambra theatre on Sunday.

AUDITORIUM.
Tonight.

The big event in town today is the appearance at the Auditorium of Eva Tanguay, who is so well known to the vaudeville stage, and whose dynamic personality is well known the world over. Miss Tanguay will be seen in her first screen feature and its a Select Picture Corp. feature called "The Wild Girl."

In "The Wild Girl," Miss Tanguay, experienced artist that she is, has not made the mistake of cutting her screen heroine after the pattern of her vauudville self The problem of characterization in the photoplay has been made clearly and fully by the eccentric little artist. Miss Tanguay is not a jealous artist, as is evidenced by the brilliant cast with which she has surrounded herself. In her company are players who have won high honors for themselves as dramatic artists, so that the little comedienne places a high test on her own dramatic art when seen against such a background. These players include Stuart Holmes, Tom Moore, Valerie Bergers, Herbert Evans and others The story of the "Wild Girl" is based on a suggestion by Geo. M. Rosener, and was directed by Howard Eastbrook. The play has been given a costly production and is unusually handsomely mounted. Miss Tanguay is also seen in some gorgeous gowns. Today at this theatre is Arch Leedy day and this evening at 8 o'clock Manager Fenberg will give away absolutely free $25.00 in Thrift and War Saving Stamps.

If its laughter you desire, then see the latest Bud Fisher animated comedy, Mutt and Jeff, called "The Decoy." Hundreds laughed their heads off at it yesterday and we are sure many will see it today. Shown together with Eva Tanguay in "The Wild Girl."

"Remaking of a Nation."

Do you know what the boys are doing down in Camp Sherman? Of course, they are being made into soldiers, but do you know how this soldier making is being accomplished?

We cannot all visit the Camp at Chillicothe, and so Uncle Sam has devised means by which Ohio's military city may be brought to us. Uncle Sam wants the unselfish mother who have given their boys to his great democratic army to know just what is happening in his soldier factory and so that great silent celluloid factor—the motion picture—again asserts itself as the greatest educator in modern history making.

Via the screen, man making and soldier making at Camp Sherman will be visable here at Auditorium theatre April 1, 2 and 3. Major General Glenn is responsible for the camp picture which is entitled "The Re-Making of a Nation." It visualizes momentchensively the organization and training of America's great new army.

"Mutt and Jeff."

Measuring musical plays as they come and go, it would be impossible to find a more frolicsome and enjoyable entertainment than this season's most popular success "Mutt and Jeff Divorced," which comes to the Auditorium for one performance tomorrow evening.

There is the usual assortment of pretty girls, dancing specialties and gorgeous costumes to engage your eye and hold your attention not to mention the score or more of catchy and tuneful musical numbers which are interpolated into action of the piece. No great claim is out for an engrossing story in thi smusical creation, but it is said that the author has crowded more good wholesome laughs into the swiftly moving dialogue than has often been accomplished and there is really a thread of connected narrative to serve to introduce the company in an ingenious manner.

The musical numbers are said to be fairly scintellating with captivating melody and the lyrics and jingles are the best rhyme and jest. The company is a large one, each and every member of the cast being personally selected for his or her role by Mr. Fisher himself, together with a bounteous, beautiful chorus of chic femininity bursting with bubbling mirth and of nimble pedal extremities. Seats are now selling for this engagement.

"His Mother's Boy."

To meet a supposed demand for peanuts, candies and other goodies, a good-natured old Chinaman has become part of the working staff at the Ince studios at Los Angeles. He arrived without invitation, but soon became a recognized part of the institution, wandering about the "lot" and casting his celestial gaze on the stars and "extras" alike in an incurious way.

He is not well versed in the technique of making motion pictures, and recently was a source of considerable embarrassment to Director Victor L. Schertzinger, who was filming a scene from "His Mother's Boy" under the supervision of Thomas H. Ice, starring Charles Ray.

"His Mother's Boy" will be shown at the Auditorium theatre on Friday and Saturday.

"Six Shooter Andy."

A new William Fox photoplay of the most interesting kind is to be shown next Sunday at the Auditorium theatre. It is called "Six Shooter Andy," and Tom Mix is the star. In this drama he has a role that is distinctly of the Western type.

"Six Shooter Andy" is built around a personality that is little known and which, strange to say, has up to this time never found its way into drama or story. Mix is not only a trapper and a pioneer, but a punisher of corruption.

The Mack Sennett Comedy, "The Athletic Girls," is the added feature.

"Experience."

We have all heard of the actresses who are fond of midnight suppers, lobsters, pattl de foi gras, truffles, and other such delicacies, but the actress who fasts is the one you hear nothing about, but possibly very few people have ever imagined that there was such a thing as an actress who fasts—especially when she has no need to reduce her weight.

Yet Leona Hogarth, who plays Frailty in "Experience," believes not only that a too generous diet is bad, but she actually fasts each day and believes that one of the important rules which is a penacea for human ills, is this same fasting.

In speaking about this, Miss Hogarth said: "If the average woman but knew it, the marks of old age could be postponed if she would eat less, and I have found that by regulating my diet, it gave an opportunity for rest to the digestive organs. For instance, I never eat any breakfast. Many people will say they also eat very little breakfast, but my, what a difference that little word makes. It usually means a cup of coffee, fruit, cereal, eggs and toast. I wait before eating anything until I have been up at least four hours and have taken plenty of exercise, because I believe it is a great mistake to begin the day by overloading the stomach.

"There is one great danger in fasting which should be avoided, for instance, if one has been up three or four hours and sits down to a meal and overeats, it is quite as bad as if they had not fasted, and a tendency to eat excessively if one only takes two meals a day, will surely have the very worst sort of effect on the system. It is necessary to avoid excess in fasting just as one should avoid over-eating. Fasting is not a cure for all ills, but I believe it to prevent many diseases, with other right methods of living it will aid in stamping out ills the system has already acquired."

Miss Hogarth will be seen with "Experience" company at the Auditorium soon.

Auditorium Notes.

Popular Tom Mix comes to the Auditorium Sunday in "Six Shooter Andy", another corker. This gives mix a chance to show what happened in the town of Bannack, Nevada, during the gold rush. In the cast Enid Markey is the leading lady and the entire bunch of Fox Kiddies are seen.

Richard Richards, director of publicity for Elliott, Comstock and Gest, whose play "Experience" is soon to be shown at the Auditorium, was entertained by the Rotary Club last evening. He spoke for the Rotarians, also speaking at the High school chapel this morning before an audience of over 600 pupils. His subject this morning was on lines relating to the drama of today and yesterday. Mr. Richards is a forceful talker and gave some clever advice to the scholars of the Newark schools.

SELF DEFENSE

Defeat Backache and Kidney Trouble With Anuric

Many Ohio people have suffered from rheumatism and kidney trouble and have found that Anuric was the most successful remedy to overcome that painful and dangerous ailment

The lucky people are those who have suffered, but who are now well because they heeded natures warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called "Anuric You should promptly heed these warnings some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions you should take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Dr Pierce s Anuric Tablets (double strength) You will in a short time find that you are one of the firm indorsers of Anuric, as are thousand of your neighbors.

CLEVELAND, OHIO —"When I commenced to take Anuric about two months ago, I was so crippled with rheumatism that I couldn't get around The kidney excretion was high color and quite painful The first week I persisted in the treatment even though I felt a little worse but I noticed that the water changed at once, and I had sense enough to know that the medicine was working right. Then my entire system seemed to be miraculously relieved of the uric acid. I felt better than for years: the dropsical condition and rheumatism entirely disappeared and I was able to work same as when I was young It seems almost beyond belief that so inexpensive a medicine could cure the rheumatic pain that had been troubling me for more than five years. I will be glad if through this someone will try Anuric and obtain relief."—MRS. DANIEL BRAUGHMAN, 3017 E 72nd Street.

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful Just plain mulsified cocoanut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Ease baby's Croup with Dr. King's New Discovery for Coughs & Colds

Don't let the little one suffer. Dr. King's New Discovery loosens the phlegm and gives quick relief, and being mildly laxative it helps bring the child's physical condition up to normal. Dr. King's New Discovery should be kept on hand to nip "those fits of coughing". It has helped thousands of children during the past 50 years.

Get it at your druggists

Constipation Causes Sickness

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Try it tonight. All druggists

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

CANVASS STARTS ON SURVEY OF ENTIRE CITY

The beginning of the survey of the city as a preliminary to the war chest campaign started last evening at 5 o'clock The various teams met at the Chamber of Commerce at 4 o'clock for final instructions after which they went to their districts for the survey Each team was allotted a certain number of blocks which in turn were subdivided by the captains to the men on his team and every house in the city must be accounted for

The men generally were treated courteously and the people showed a willingness to answer the questions asked them but in a very few cases some seemed to show some reluctance to give the information but these cases were rare

The campaign will continue until every family in the city has been canvassed, this will probably take until Friday After all the information has been secured the reports will be carefully gone over and preparations will be made for the coming drive

WAR SAVINGS STAMPS

Letters from the Licking County War Savings committee soliciting memberships in the "One Thousand Dollar War Savings Society" have had favorable response from Hon William A Ashbrook member of Congress Mr. Edward H Everett of Washington and Mrs. Julius McVicker 350 West Eighty-fifth street, New York. each of whom has bought 200 W S S, the maximum number of war savings stamps one person is allowed to hold The membership in the "Thousand Dollar Club" now numbers over 80 A letter received last night from Mrs McVicker says.

"From my enclosed check for $828 you will realize I have come to the conclusion I can not afford not to purchase the two hundred war savings stamps with the privilege of helping even in so small a way a loyal old county to sell its quota when its very name is indicative of what our own United States is going to give the Kaiser and his Huns—the "licking" of their lives It seems to me to those of us who are not called upon to make the supreme sacrifice of husbands, brothers, sons—all monetary considerations should be given freely, unto the last dollar that our splendid boys at the front heroically offering their lives to protect us, feel sure that every one of us back home, men, women, and children, are doing not only their bits but everything we can do to help them win I trust Licking county will go beyond her quota and Ohio as always rank among the first states for the good of the union With all good wishes very sincerely Charlotte S McVicker"

The Newark Stamping and Foundry Company, Eugene F. Ball, manager, ranks 100 per cent in the Thrift campaign as does the E. T. Rugg Company This morning Mr. Ball interested every one of the seventy employes of the plant in the war savings plan. Many of them had already started buying war savings stamps but now everybody in the factory is doing so. Mr. Ball presented to each employe a Thrift card with stamp attached and at the same time secured the promise of all employes that they would keep up the regular purchase of stamps throughout the year. That's the kind of work that counts

The 200 Newark men who started their survey of Newark last night intending to visit every one of the 7,000 homes in the city to make a record for the War Work committee and to preach Thrift wherever they go, bought a large quantity of Thrift stamps to sell during teir calls about town Each man is also provided with postoffice order cards and will be glad to take orders for War Savings stamps. The survey is to continue tonight, tomorrow evenig and all day Friday. Order stamps when the interviewer calls.

New members of the Licking county One Thousand Dollar War Savings Society are: Frank L Beggs, Harry G. Miller, A. R Lindorf, J W. Ashcraft, J M. Wright, Geo M. Fenberg, Mrs. Julius McVicker of New York City, Cary T Bricker, Mrs. C T Bricker.

One may become a member of the Thousand Dollar club and receive a certificate of membership by buying 200 War Savings stamps. Agents are asked to send names of purchasers to the War Savings committee. Auto phone 23124. If request is made the names will not be published but the committee desires to publish names of all members of the Thoursand Dollar club. Two hundred $5 stamps cost $828 up to next Saturday night. The April price is $830. They are tax free, 4 per cent. compounded every 90 days and money back when you want it upon 10 days' notice.

Tonight will be Arch Leedy night at the Auditorium. Mr Fenberg will give away a $5 War Savings certificate and 83 Thrift stamps This is to help boost the sales of War Savings stamps during this (Arch Leedy) week. Mr. Leedy lost his life when the Jacob Jones was destroyed by a German submarine and he was the first Newark boy to make the supreme sacrifice in the great war

Eight Newark schools have a 100 per cent record, every pupil being the owner of savings stamps.

If all the children in both the Newark and country schools buy three times as many stamps as their quota calls for there will still remain more than a million dollars worth for Licking county people to buy if this county takes the quota the government has assigned, namely $1,236,180 worth.

NOTICE TO MINISTERS.

Churches and Sunday schools desiring their Easter programs printed in the Saturday edition of The Advocate will please have them in the office Friday morning This is necessary on account of the time required to get the notices into type.

SEVEN ENLIST IN NAVY AND ARE SENT TO WHEELING, W. VA.

Seven men, who enlisted in the navy through Recruiting Officer H. G Harris in the Memorial building, were sent to Parkersburg, W Va., today for their final examination The following men enlisted in the naval reserve for immediate service abroad and after being examined will be sent to a training station for a short training and then assigned to some ship Harry Horchler, Roy Horchler, L D Fallon, C E Gallagher and J E Hoovlet of Johnstown

The other two men, C E. Diemer and E M Divine enlisted in the regular service and after their examinations will be sent back to Newark to await orders.

There is an opening for one carpenter from this district for immediate service abroad in the construction units in France, this enlistment is for the duration of the war only If there is anvone interested in this branch of the service Mr. Harris will be pleased to give the details of the enlistment at his office in the Memorial building He will be in Newark on Tuesday and Wednesday of each week until further notice.

"I WOULD NOT BE ALIVE TODAY BUT FOR NERV-WORTH"

Remarkable Signed Statement Recently Made by Mrs. S. F. Parker.

This striking endorsement given to the Nerv-Worth druggist at Washington, Pa., carries a most valuable message to ailing folks

The E C Myers Drug Store—For at least eight years I have suffered with nervousness to such an extent that I could not digest my food Terrible trouble with my stomach. Gas would form and I would bloat badly The gas pressure interfered with heart action and caused it to flutter and produced a smothering sensation I was very weak and could hardly do my housework. I saw Nerv-Worth advertised in the paper and heard others saying how greatly they had been benefited by its use and I procured a bottle from you and after using it I commenced to improve and am now a WELL WOMAN AGAIN All the troubles mentioned are gone I surely recommend Nerv-Worth as I believe I would not be alive today had I not used it.

MRS S F PARKER,
Washington, Pa.

Your dollar back at the T. J Evans Drug Store, Newark, if Nerv-Worth does not help YOU.

At Hebron, the Hebron Drug store sells Nerv-Worth, at Utica, the Utica Drug store; at Granville, W P. Ullman, and at Johnstown, C. S Howard —Advertisement. 3-2-29

Able to be Out.
Leslie Fishbaugh, the local wrestler, is able to be about town after being confined to his home for the past week because of a sprained ankle. He will not be able to take up training for sometime, however.

Was No Damage.
An alarm from Box 57 at 4:30 Tuesday afternoon called the departments of the city to the Masonic Temple, corner of North Fourth and Church street. A short circuited wire had ignited, but the fire was discovered at once and the damage was negligible.

To Hold Market.
The Woman's Aid Society of the East Main Street U. B. church will hold a market Saturday evening, March 30 at 223 East Main street.

Second Baptist Church.
"The Friendship of Jesus," will be the theme of Rev. F. G. Boughton of Denison University at the Passion Week service at the Second Baptist church tonight at 7:30 o'clock. No one should miss hearing this able speaker.

Again In School.
Donald Power, who broke his arm while playing basket ball a week ago, is able to take up his class work at the High school again.

Awaiting Call.
Dewey Jones, of Utica was in the city yesterday on business. He recently enlisted in the navy and is expecting to be called at any time. At present the training stations are over crowded and are unable to take care of more men.

Police Court.
Mabel Rice who has just finished serving a sentence for intoxication was fined $1 and costs for stealing a pair of shoes from Mrs. Franklin. Charles Salsgiver of Butler, O., was fined $5 and costs for intoxication and Lewis Facemyer of New Jersey was fined a like amount on the same charge.

Home for Examination.
Marcellus McWilliams, who has been located in Arizona arrived home yesterday to be examined by the local draft board for entrance into the national army.

Missionary Meeting.
A missionary meeting of the Plymouth church ladies will be held in the church parlors, Thursday afternoon, March 28, at 2 o'clock.

CHARGE CITY SOLONS WITH ACCEPTING BRIBE

Youngstown, O., March 27.—City Councilmen William F. Mehlo and William Davis were arrested this morning by County Detective Paul Lyden, charged with having accepted a bribe of $1000 in marked money from W. W. Cross, a detective, posing as a director of the Workmen's Transit company, a newly-organized corporation seeking a franchise from the city council. The money, Cross declares, was accepted by the accused officials this morning in a room of a local hotel and according to the police was found on them following their arrest.

Mehlo and Davis, it was announced, made complete confessions following their arrest in which they implicated five other councilmen whose names are being withheld. It is intimated that more arrests will shortly follow.

GERMAN GENERAL KILLED.
Amsterdam, March 27.—German newspapers announce that General Paul Bloch von Blottnitz, an infantry division commander in the German army was killed at the front on March 23.

GREAT DAMAGE WAS CAUSED BY THE EXPLOSION

(Continued from Page 1)

the Jarvis warehouses was prohibited.

Federal, state and city authorities today continued their investigation into the cause of a series of mysterious explosions in Jersey City yesterday which resulted in the destruction by fire of a six story building of the Jarvis Warehouse company incorporated, where army supplies were kept, and wrecked the repair shops of the Erit railroad, causing a loss estimated at $1,500,000. Although a number of persons were injured, there were no deaths.

The explosions rocked the surrounding country for miles and resulting fire sent sparks across the river, setting fire to a ferry house in Manhattan. In Jersey City panic conditions prevailed for a time, while thousands of persons swarmed into the streets of lower New York or on the roofs of office buildings to view the immense clouds of black smoke that hung over Jersey City and the Hudson river.

E. J. Jarvis, secretary and treasurer of the storage company, said he could not explain the explosions. Mayor Frank Hague, of Jersey City asserted that his investigation had convinced him that the explosions were caused by German agents, who sought to destroy the government stores in the warehouses. Police officials said that so far nothing had been learned to support Mayor Hague's theory. Soon atfer the explosion, army and intelligence officers took twelve men into custody and questioned them closely as to rumore that strangers had been seen in the storage plant.

Officials today expressed surprise that no one had been killed. Several hundred persons were employed in the warehouse and repair shops. Among the workers in the Erie machine shops were ten women of foreign birth, clad in overalls, who operated drill presses.

Twenty locomotives were either destroyed or damaged, while a large number of freight cars loaded with merchandise were burned. Over an area of half a mile in diameter around the storage plant the streets were covered with broken window glass.

ADDRESSED PUPILS AND ROTARY CLUB

Richard Richards, business representative of the "Experience" company which is booked for the Auditorium theatre April 9 and 10, and who is a polished orator, was invited to address the pupils of the High school this morning and delivered a most interesting address at the assembly in the Auditorium, taking for his subject "The Drama."

Mr. Richards also addressed the members of the Rotary Club at their weekly luncheon last evening at the Masonic Temple, on the part Rotary clubs are playing in the war. Mr. Richards will remain in the city until tomorrow morning, but expects to return in the near future for a more extended visit with Manager Geo. M. Fenberg of the Auditorium theatre.

KILLED IN GAS EXPLOSION.
Cincinnati, March 27.—One woman was killed and two sustained serious injuries here today following an explosion of gas at the home of L. Lowman in Avondale. The dead woman was Mrs. Kate Powers, aged 45, while the two injured women were Lillie Sidmering, aged 22, and Mrs. Louise Schutkner, aged 45. All thre weomn were employed at the Lowman home. The cause of the explosion has not definitely been determined.

WAR MEETING FOR MEN OF THE B. & O.

There will be a war meeting of all the Baltimore & Ohio railroad employes Friday night at 8 o'clock at Taylor Hall. All employes have been requested to be present as several patriotic addresses on questions of the day will be made by able speakers. Besides the speakers there will be music and a number of other interesting features on the program.

SYMPATHY STRIKE AT KANSAS CITY

Kansas City, Mo., March 27.—A general sympathetic strike which union leaders declared would bring out upward of 25,000 persons and cause a tieup of industry, began here at 8 o'clock this morning.

Unofficial reports were that several hundred persons, including brewery workers, barbers and members of building trades' unions, had obeyed the call before noon. Strike leaders said that as the final call was not issued until early today many workers had gone to work as usual. These were being reached as rapidly as possible, it was declared.

The strike was called to support laundry-workers and drivers who have ben out several weeks. The call urged every possessor of a union card to suspend work. Only hospital workers were exempted. Members of the street car men's union have not obeyed the call, and their officials said the call would not be obeyed today at least.

The order also provided that employes of the municipal waterworks quit work within 48 hours after the strike was declared.

RUMORED KORNILOFF NOW SURROUNDED BY BOLSHEVIKI TROOPS

London, March 27.—The forces of General Korniloff have been surrounded by Bolsheviki troops according to a Reuter dispatch from Petrograd.

General Korniloff, the former Russian commander-in-chief allied himself with the Don Cossacks against the Bolsheviki and has been operating between Moscow and Rostov. Several times he has been reported defeated and near capture, but always managed to elude the government troops.

GENERAL GIBSON SAYS EVERY SOLDIER WHO GOES TO THE FRONT SHOULD TAKE NUXATED IRON

General John L. Clem, Who Was Sergeant in the U. S. Army at 12 Years of Age, General David Stuart Gordon, Hero of the Battle of Gettysburg, Judge Samuel S. Yoder, for 18 Years a Practicing Physician and Formerly Surgeon Major in the Army, Also Tell How They Were Benefited by a Short Course of This Remarkable Product.

Dr. James Francis Sullivan and other physicians explain why Nuxated Iron helps to increase strength and endurance, and build up weak, nervous, run down folks.

What every soldier most needs is tremendous "stay there" strength, power and endurance, with nerves of steel and blood of iron. To help produce this result there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron, says: Dr. James Francis Sullivan. "I have personally found it of such great value as a tonic, strength and blood builder that I believe if General Gibson's advice were followed many of our fighting men would find it of great benefit. In my opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping increase strength, energy and endurance.

General Horatio Gates Gibson says Nuxated Iron has brought back to him in good measure that old buoyancy and energy that filled his veins in 1847, when he made his triumphant entry with General Scott into the City of Mexico.

Another remarkable case is that of General David Stuart Gordon, noted Indian fighter and hero of the battle of Gettysburg. General Gordon says: "When I became badly run-down this year, I found myself totally without the physical power to 'come back' as I had done in my younger days. I tried different so-called 'tonics' without feeling any better, but finally I heard of how physicians were widely recommending organic iron to renew red blood and rebuild strength in worn-out bodies. As a result I started taking Nuxated Iron and within a month it had roused my weakened vital forces and made me feel strong again, giving me endurance such as I never hoped to again possess."

Another interesting case is that of General John Lincoln Clem, who at the early age of 12 years was Sergeant in the U. S. Army and the last veteran of the Civil War to remain on the U. S. Army active list. General Clem says: "I find in Nuxated Iron the one and ever-reliable tonic. Two months after beginning the treatment I am a well man."

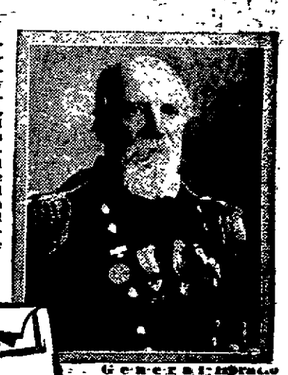

Dr. E. Sauer, a Boston Physician, who has studied both in this country and great European Medical institutions said: "Nuxated Iron is a wonderful remedy. If people would only take it when they feel weak or run-down instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that there are thousands who might readily build up their red blood corpuscles, increase their physical energy, and get themselves into a condition to ward off the millions of disease germs that are almost continually around us. It is surprising how many people suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained."

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy.

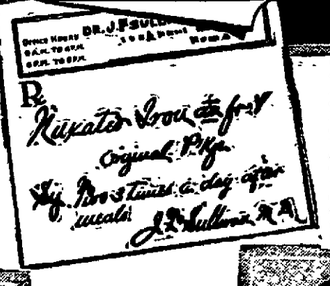

NOTE—Nuxated Iron which is prescribed by Dr. Sullivan, and which has been used by Generals Gibson, Gordon, Clem, Judge Yoder and others with such surprising results, is not a secret remedy but one which is well-known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser, or they will refund your money. It is dispensed in this city by Wm. A. Erman, Evans Drug Store and all good druggists.—Advertisement.

General John L. Clem, U. S. A. (Retired), the drummer boy of Shiloh who entered the U. S. Army as a drummer boy at the age of eleven years. He was promoted to be Sergeant for gallantry at the battle of Chickamauga when only 12 years old. He says that Nuxated Iron is the one and ever-reliable tonic—that he obtained most surprising results from its use in two weeks' time.

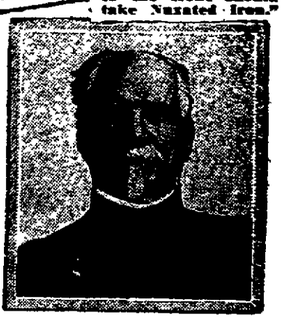

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, (Outdoor Dept.) New York, and the Westchester County Hospital, says every soldier and civilian who wants something to help increase his strength and endurance should have this prescription filled and take Nuxated Iron three times daily as did Generals Gibson, Gordon and Clem and Judge Yoder.

The above is Dr. Sullivan's prescription for enriching the blood and helping to make strong, keen, red-blooded Americans — men and women who dare and do.

Judge Samuel S. Yoder, Statesman, Jurist and for 18 years a practicing physician—formerly Surgeon Major in the Army and now Commander in Chief of the Union Veteran Union, says: "Nuxated Iron restores, revivifies and rehabilitates the system. To the man of 70 as I am it is just as certain, just as efficacious as to the youth in his teens."

General Davis Stuart Gordon, U. S. A. (Retired), promoted for gallant conduct in the battle of Gettysburg; well-known Indian fighter. General Gordon says: "Despite my own advanced age, Nuxated Iron has made me fit and ready for another campaign, and if my country needs me, I stand ready to go."

SELECTS WHO ARE TO LEAVE SATURDAY FOR CAMP SHERMAN

The official list of Newark's quota of 29 men, who are to leave for Camp Sherman next Saturday, is given below.

There have been several changes made in the list published a few days ago by the examination of men, who have had appeals filed with the district boards and by whom the decision of the local board has been upheld.

These men are to report to the local board, Friday afternoon at 2 o'clock, for final instructions, and at that time a captain will be ppointed to have charge of the men until they are turned over to the officer sent from Camp Sherman, who will have charge of the men from this district. A special train will be made up here and the men from Belmont, Muskingum, Guernsey and Licking—243 men in all—will leave Newark at 12:55 o'clock, Saturday afternoon, arriving at Camp Sherman at 4:40 o'clock. The names are as follows:

Paul E. Burkhart, 84; John Harold Swartz, 115; Ralph Davis, 141; Eber Beach, 156, Amos Littleton Burton, 228, Mike Pete, 271; Norris Earl Taylor, 295; Charles William Grimm, 318; Lewis George Knost, 361; Paul Raymond Murphy, 440; Raymond Thomas Atherton, 453; Ralph J Heft, 465; Samuel F. Chester, jr., 500; Trofford Burzee Paul, 519; William Edward Schoeller, 538; Wilbur L. Martin, 543; William Dewitt Brock, 553; Louis Napoleon Plaine, 575; William Ethet Iler, 594; Frank Oberfield, 610; Gorge Edward Miller, 616; Archie D. Goodwin, 677; Thomas John Flinn, 689; Cecil R. Williams, 693; Eugene Knauber, 705; Walter A. Mikesell, 723; Daniel William Good, 719; Raymond Watts, 1848; Charles Henry Schick, 2027.

Alternates—Arlo Wotring Powell, 631; Harley Lee Hughes, 646; Royden Delbert Layman, 680; Leonard E. Richardson, 687; Harry F. Fernow, 712.

FORCED TO KISS FLAG AND SWEAR TO ALLEGIANCE

[ASSOCIATED PRESS TELEGRAM]

Lima, O., March 27.—Four more accused of pro-Germanism were forced to publicly kiss and salue the American flag and take an oath of allegiance by the Delphos vigilance committee last night. The first casualty after two nights of activity was reported at the home of Peter Metsker, a farmer, when a man, said to be Fred Kundertz, was struck with a club by Katherine Metsker, 24-year-old daughter of the farmer, who was accused of pro-German leaning.

Carl Jettinger, editor of the Delphos Herald, who escaped on the first night of the mob's activities, has not yet been located. Searches have been conducted in surrounding towns for him, and punishment in the form of tar and feathers awaits him when he is found, a committee named by the vigilance committee declares More than one thousand Delphas citizens were among the rioters last night.

Those forced to take the oath of allegiance and to salute and kiss the Stars and Stripes last night, were Jacob Marx, a groceryman. Peter Metsker and his son John, farmers, and Clem Simmizimmelsinger, another farmer. The four men were placed on a large truck in the public square and there the ceremonies were conducted. Each was presented with a large American flag and they headed a parade to their homes where they were given hammers and nails with instructions to nail the flag to their homes. They also gave three cheers for the flag.

The vigilance committee will again conduct a reconnoitering expedition in Delphos and vicinity tonight and they claim to have at least twelve more names on their list, who are said to be German sympathizers. Miss Metsker, who attacked Kundert, will have the oath administered to her tonight, it was stated.

HAVE NOT HALTED PARIS BOMBARDMENT

[ASSOCIATED PRESS TELEGRAM]

Berlin, Tuesday, March 26, via London.—The Germans have not halted their long range bombardment of Paris, according to an official statement from general headquarters today. The announcement says:

"We continued the bombardment of the fortress of Paris."

EARLIER HOURS FOR THE BARBERS START MONDAY

The journeymen barbers of the city held a meeting last evening and decided to make a change in the schedule of working hours. Effective next Monday all union barbers will begin their day's work at 8 o'clock a. m. and quit at 7 p. m.

On Saturday the day's work shall begin at the same hour and all shops will close at 9 o'clock.

The hours at present are 7 to 7:30 each day, with the exception of Saturday, the shops remaining open until 10 o'clock.

It is said there was only one dissenting voice to the new arrangement. The barbers will continue to enjoy their Thursday afternoon holiday in addition to the regular legal holidays.

Some of the boss-barbers are said to favor the new schedule, while others are opposed to it. All preparations used in barbershops have advanced from 20 to 50 per cent.

Many a fellow who has never before been taken seriously will be caught in the draft.

SUFFERED FROM SCIATIC RHEUMATISM EVERY YEAR SINCE EIGHTEEN NINETY TWO

Pain of Hip and Down Leg Almost Unbearable—Tells How He Found Relief In Var-ne-sis

Since 1892 I have suffered every year from sciatic rheumatism," said Seth W. Darling of 19 McKinley Terrace, E. Lynn, Mass. "Each year the pain seemed to get more and more severe until the last two attacks I was flat on my back

"The pain started in the hip and would run down the leg to the knees and ankle. It was extremely painful to walk or move about. When I remained quiet it did not trouble me very much except that I would have to change positions in order to relieve the pressure on that side.

"When I would sit down I would have to sit on the edge of a chair and put my leg out straight. At night the pain seemed to be more severe and the least move would bring on a paroxysm. Only one who has suffered from sciatic can understand the torture I endured.

"I had tried about everything recommended but failed to find relief. Reading so much about Var-ne-sis, I decided to give this medicine a trial. I am glad I did, for in a short time I was able to go about as well as ever. The pain left me completely and I haven't had a sign of the disease since

"I am recommending Var-ne-sis to all who suffer from sciatic rheumatism and cannot say enough for what it has done for me."

W. A. Varney said: "Sciatic rheumatism responds to Var-ne-sis as well as other forms of chronic rheumatism of the joints, and I have had a large number tell me that they were never troubled with the disease after taking Var-ne-sis, although exposed to sudden changes of temperature and dampness.

"I would like to send every sufferer the 'Story of Var-ne-sis.' It's free. Adddress me W. A. Varner, Lynn, Mass. Every statement I publish is a simple statement of facts an I offer $1000 if they are other than genuine or have been purchased. I will pay the expenses of any three business men to investigate the truth of the statements providing they will allow me to publish the results of their investigation over their names.

Get Var-ne-sis now, today, from W. A. Varney, Lynn, Mass.; or, at R. W. Smith, druggist.—Adv.

HOW TO CONSERVE YOUR HEALTH AND AVOID COLDS AND THE GRIP

"Germs infest the body but attack the living tissue only when the vitality is lowered," declared a great authority, "and when men and women learn the health-value of proper food, exercise and fresh air, there will be less sickness and ailing, and efficiency will be greatly increased."

When you are in the clutches of a cold, the grip, tonsilitis, or if you have stomach, bowel or nerve upsets or if your kidneys or liver are out of order, it is because the blood is not carrying the proper nourishment to your tissues and nerves. The thing to do is to increase your vitality. This you can do easily and quickly by taking Hull's Superlative, a wonderful blood, tissue and nerve-builder.

An analysis of Hull's Superlative by Professor Cloyd N. Reeg, Dean of the Department of Science, Findlay College, revealed the fact that Hull's Superlative in reality is not a medicine, but a vitality-builder, for the reason that it contains in highly concentrated form the important elements required by the body to maintain normal health, and during the past 28 years has demonstrated its efficiency many thousands of times in chronic conditions of long standing.

This preparation is now kept in many homes and taken occasionally for the purpose of avoiding sickness and ailments so common in winter months and in this way hundreds of men and women have been able to avoid unnecessary doctor bills and loss of wages because of inability to work.

Hull's Superlative is having such a wonderful success in overcoming diseases and disorders that it has been called the world's greatest remedy. Now that science has stepped in and told everybody just why this preparation is of such great value in time of sickness it will very likely become the household remedy for hundreds of others right here in Newark.

The makers of Hull's Superlative are so certain that it will not fail to give entire satisfaction that they have instructed every druggist to promptly refund the money to any customer returning either the partly filled or empty bottle

For sale by all druggists.

POLICE OFFICIALS WILL ENFORCE AUTO LAW TO THE LETTER

You can see auto-owners with a little tag in their hand flying into the chief of police's office these days for many owners who are disobeying the traffice laws are being ordered in for reprimand, and a second offense will mean a fine.

The date on which they are to appear at the patrol station is stated on the tag, but in some instances the appearance of the owner was ignored. Any one failing to appear when notified to do so will be subject to arrest. Machines bearing license tags 123209 and 71943 were orderd to report yesterday and failed to do so. Owners of these machines must report.

The offenses are for parking near water plugs; the required distance from a plug being 10 feet. Others are parking in front of theaters and heading machines in wrong directions, and stopping too far out in the roadway. Also, the ordinance providing for cut-outs will be enforced rigidly.

THE CORSETS YOU NEED FOR 1918.
